1		1
1	(Whereupon, the following	
2	proceedings commenced at	
3	6:32 p.m.)	
4	SECRETARY BELTRAN: Mr. President,	18:32:35
5	before you begin the second budget hearing, I	18:32:35
6	would like to read a brief safety announcement.	18:32:38
7	Welcome to the second FY20 Budget	18:32:42
8	Hearing. Before we start the hearing, I would	18:32:45
9	like to share a few safety points and notes.	18:32:47
10	Please note that the primary exit and	18:32:49
11	entrance to this room is the door in which you	18:32:51
12	used to enter this evening. The main entrance	18:32:53
13	is the door to your right. If you are leaving	18:32:55
14	the room, please use this door. The restrooms	18:32:57
15	are just outside the entrance door to your	18:33:00
16	immediate left. During the hearing we ask that	18:33:02
17	you keep all aisles and exits clear. If you	18:33:04
18	need any assistance during the hearing, please	18:33:06
19	wave the attention of one of our security	18:33:09
20	officers. And thank you for joining us today.	18:33:10
21	Mr. President.	18:33:17
22	PRESIDENT del VALLE: Good afternoon	18:33:18
23	actually, it's good evening, ladies and	18:33:19
24	gentlemen, welcome. I'm Miguel del Valle. On	18:33:22

]]
1	behalf of my fellow Board Members, thank you for	18:33:24
2	coming today.	18:33:27
3	The purpose of this hearing is to	18:33:27
4	comply with the School Code Provisions regarding	18:33:29
5	the FY20 Budget.	18:33:32
6	Madam Secretary, please state for the	18:33:34
7	record the notice procedure for this hearing.	18:33:36
8	SECRETARY BELTRAN: Thank you,	18:33:38
9	Mr. President.	18:33:38
10	Notice of this public hearing was	18:33:39
11	published in the Chicago Sun-Times, a newspaper	18:33:41
12	of general circulation in the City of Chicago	18:33:44
13	and posted at Board Room, Principal Office and	18:33:46
14	42 West Madison Street Lobby on August 15, 2019.	18:33:50
15	Notice was also posted on the cpsboe.org website	18:33:55
16	on August 15, 2019. I will now read into the	18:34:00
17	record the public notice as published.	18:34:04
18	Notice: Public Hearings FY20 Budget	18:34:06
19	for the 2019-2020 Fiscal Year. Chicago Board of	18:34:08
20	Education, commonly known as Chicago Public	18:34:12
21	School s.	18:34:14
22	To Whom It May Concern: Public notice	18:34:14
23	is hereby given by the Chicago Board of	18:34:16
24	Education that it has prepared an FY20 Budget	18:34:19

]		7
1	for the 2019-2020 fiscal year in tentative form	18:34:22
2	and that five copies thereof, available for	18:34:25
3	public inspection, have been filed and are now	18:34:28
4	on file in the Office of the Board of Education	18:34:30
5	of the City of Chicago, commonly known as	18:34:33
6	Chicago Public Schools, One North Dearborn	18:34:35
7	Street, Suite 950, Chicago, Illinois, 60602, and	18:34:38
8	available at www.cps.edu/budget and that said	18:34:41

members present.

1

•		
2	I would also like to note Dr. Janice	18:36:01
3	Jackson our Chief Executive Officer; Mr. Joseph	18:36:01
4	Moriarty, our General Counsel; Arnie Rivera, our	18:36:04
5	Chief Operating Officer; and we have Heather	18:36:08
6	Wendell, our Budget Director, with us for the	18:36:10
7	second hearing.	18:36:13
8	PRESIDENT del VALLE: Thank you.	18:36:14
9	Let's begin with the FY20 Budget	18:36:15
10	presentation, and the presentation will be done	18:36:17
11	by Michael Sitkowski, who is our assistant	18:36:21
12	budget director.	18:36:25
13	MR. SITKOWSKI: Good afternoon,	18:36:27
14	President del Valle, Board Members and	18:36:47
15	Dr. Jackson. My name is Mike Sitkowski, I'm the	18:36:49
16	assistant budget director, and I'm going to give	18:36:51
17	you an overview of the FY2020 Proposed Budget.	18:36:53
18	So, first, the financial overview. So	18:37:00
19	the budget remains balanced for the third year	18:37:03
20	in a row without major revenue risk. This	18:37:06
21	budget includes \$7.7 billion across the	18:37:08
22	Operating, Capital and Debt Service Budgets.	18:37:11
23	The state's implementation of the evidence-based	18:37:14
24	funding formula in FY2018 has provided more	18:37:17

T		
1	stability for CPS. The state has acknowledged	18:37:20
2	though that CPS is still underfunded by nearly	18:37:24
3	\$2 billion, that's according to the state's own	18:37:27
4	cal cul ati on.	18:37:31
5	In positive news, our fund balance has	18:37:31
6	been restored to positive levels, and we are	18:37:34
7	projecting a year-end fund balance of \$365	18:37:37
8	million, which is nearing CPS's fund balance	18:37:42
9	targets. By lowering our borrowing costs, the	18:37:44
10	market has clearly stated that CPS's financial	18:37:49
11	position has improved, however, CPS is still	18:37:50
12	rated as a junk bond.	18:37:53
13	Cash has improved in FY2019 with	18:37:54
14	short-term borrowing down \$250 million from	18:37:58
15	FY2018, and we are projected to improve in	18:38:02
16	FY2020.	18:38:04
17	CPS also ended FY2019 with a negative	18:38:05
18	cash balance of \$115 million, and we are	18:38:10
19	projected to have a net negative cash position	18:38:13
20	throughout fiscal year 2020 for the majority	18:38:16
21	of fiscal year 2020, I should say.	18:38:22
22	Regarding our cash position, this chart	18:38:24
23	shows CPS's net cash position going back to	18:38:27
24	2013. As you can see our the gray line in	18:38:32

the middle of the chart represents zero cash.	18:38:36
Back to 2013 we were typically in a cash	18:38:39
positive situation when the red line is above	18:38:42
zero on the chart. As CPS was the recipient of	18:38:45
a pension holiday from the state of Illinois	18:38:51
from 2011 to 2013, that lowered our operating	18:38:53
costs and allowed us to avoid major pension	18:38:57
payments for those years. At the expiration of	18:39:00
the pension holiday, CPS's cash position begins	18:39:02
to erode, and as you can see over the course of	18:39:05
these years we've been mostly below the line,	18:39:08
which means we are borrowing cash to meet our	18:39:11
payroll and vendor obligations.	18:39:14
As I mentioned previously, we ended the	18:39:16
fiscal year at June 30th with a net negative	18:39:19
cash position of \$115 \$115 million. And in	18:39:21
July we reached a net negative position of \$627	18:39:27
million.	18:39:31
This slide shows the year-over-year	18:39:37
growth in CPS's Operating Budget. So in 2017	18:39:40
CPS's Operating Budget was 5.4 billion, that's	18:39:44
grown to 5.699 billion in FY2018, 5.9 billion in	18:39:49
FY2019, and it's 6.176 billion in FY2020.	18:39:57
As I mentioned before, the total CPS	18:40:06
	Back to 2013 we were typically in a cash positive situation when the red line is above zero on the chart. As CPS was the recipient of a pension holiday from the state of Illinois from 2011 to 2013, that lowered our operating costs and allowed us to avoid major pension payments for those years. At the expiration of the pension holiday, CPS's cash position begins to erode, and as you can see over the course of these years we've been mostly below the line, which means we are borrowing cash to meet our payroll and vendor obligations. As I mentioned previously, we ended the fiscal year at June 30th with a net negative cash position of \$115 \$115 million. And in July we reached a net negative position of \$627 million. This slide shows the year-over-year growth in CPS's Operating Budget. So in 2017 CPS's Operating Budget was 5.4 billion, that's grown to 5.699 billion in FY2018, 5.9 billion in FY2019, and it's 6.176 billion in FY2020.

1	budget is \$7.7 billion, and this is comprised of	18:40:09
2	three different parts. The biggest portion of	18:40:12
3	our total budget is the Operating Budget. This	18:40:15
4	pays for day-to-day expenses like payroll and	18:40:18
5	vendors. It's funded primarily through property	18:40:21
6	taxes and state funding. And it is it	18:40:25
7	includes \$3.3 billion in salaries and benefits,	18:40:29
8	and these are largely governed by collective	18:40:33
9	bargai ni ng.	18:40:36
10	The second largest portion of our	18:40:37
11	overall budget is our Capital Budget, and this	18:40:39
12	pays for the renovation and long-term	18:40:41
13	investments in our facilities. So when we fix a	18:40:43
14	roof, when we build a new building, when we	18:40:46
15	build an expansion onto a building, this is paid	18:40:49
16	for from our Capital Budget.	18:40:52
17	The third portion of our budget is our	18:40:53
18	Debt Service Budget, which this year is \$700	18:40:55
19	million. And this includes the interest and	18:40:58
20	principal that we pay on our bonds that were	18:41:00
21	initially used to fund our capital investments.	18:41:04
22	Taking a look at the positions included	18:41:12
23	in the FY2020 Budget, over 97 percent of the	18:41:14
24	positions included directly support schools. So	18:41:19

Г

as you can see in the chart, we have over 20,000
teachers, over a thousand school administrators,
over 10,000 school support staff and nearly
5,000 city-wide student support, which are our
custodians, nurses, folks that are managed
centrally but work primarily in schools. These
represent 97 percent of our total employee base.

Taking a look at the revenues that 8 comprise our Operating Budget, the biggest 9 portion of our Operating Budget is funded by 10 11 local revenues. So these are primarily property 12 taxes, personal property replacement tax and TIF 13 surplus. So local sources paid for by Chicago The state funds 30 percent of our 14 taxpayers. overall Operating Budget. This amounts to 15 16 roughly \$1.85 billion. And these funds come 17 from the state's evidence-based funding formula, the state's pickup of our normal costs for 18 19 teacher pensions and various categorical grants.

The third part of our overall Operating Budget is funded by federal revenues. And these are primarily Title funding and lunchroom funds that support low-income students.

24

Taking a look at the expenditure side

18:41:36 18:41:39 18:41:44 18:41:46 18:41:55 18:41:57 18:41:59 18:42:01 18:42:04 18:42:08 18:42:12 18:42:14 18:42:17 18:42:20 18:42:25 18:42:28 18:42:33 18:42:35 18:42:39 18:42:42

18:42:48

18:41:22

18:41:25

18:41:30

1	of our Operating Budget, salaries and benefits	18:42:50
2	comprise roughly 80 percent of CPS's overall	18:42:53
3	operating spending. This is when you look at	18:42:57
4	the chart including all the various salary and	18:43:01
5	benefit categories plus charter tuition, which	18:43:04
6	funds primarily salaries and benefits at charter	18:43:08
7	schools. The remaining 20 percent of our	18:43:12
8	overall budget is used to pay non-personnel	18:43:15
9	expenses, such as, commodities, instructional	18:43:17
10	supplies, equipment and student transportation.	18:43:21
11	I'm going to go over some highlights of	18:43:28
12	our FY2020 budget, and this year the big focus	18:43:31
13	was on equity. So the proposed budget, as I	18:43:34
14	mentioned, was \$7.7 billion. The key	18:43:37
15	investments being critical building improvements	18:43:40
16	for over 300 schools across the city with 93	18:43:43
17	percent of these investments going to schools	18:43:46
18	that serve majority of low-income students.	18:43:48
19	We also introduced the largest ever	18:43:52
20	capital investment in pre-K classrooms that	18:43:55
21	totaled \$120 million. We had the largest ever	18:43:57
22	expansion of high-quality academic programs,	18:44:01
23	including STEM, IB and Fine and Performing Arts.	18:44:04
24	We included 10.5 million for ADA accessibility.	18:44:06

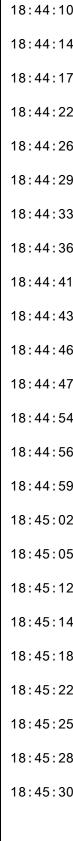

Г

\$10 million for nurse -- nurses, social workers
and case managers to support our students. And
\$12 million to support English learners in more
than 100 schools.

5 Continuing on, CPS this year is 6 investing \$263 million in funding for critical 7 maintenance needs and interior improvements at 8 our schools. These are projects like roof and 9 envelope and mechanical repairs and replacements 10 to keep our students safe, warm and dry.

As I mentioned before, we are including the expansion of free full day pre-K for 4 year olds. This includes \$20 million that is being allocated for classroom conversions for this fall, an additional hundred million dollars in capital investment that will be dedicated to classrooms opening in the fall of 2020.

18 I mentioned before the investment in
19 accessibility. This budget includes \$10.5
20 million to make sure every CPS building has
21 first-floor accessibility. We are also
22 including \$145 million in building modernization
23 to make sure that all schools are able to
24 support 21st Century learning environments.

1	This investment includes \$30 million in science	18:45:34
2	lab modernizations. And the second phase of the	18:45:36
3	high school science lab investment that we	18:45:41
4	announced last year, it includes upgrades to	18:45:43
5	academic programming, including \$30 million as	18:45:46
6	part of the District's new RFP process to make	18:45:50
7	sure we're aligning our capital upgrades with	18:45:53
8	programmatic needs throughout the city. And we	18:45:56
9	are also including \$85 million to provide	18:45:59
10	devices and infrastructure modernization to over	18:46:02
11	130 school s.	18:46:06
12	Additionally, this year's budget	18:46:08
13	includes \$45 million in investments in	18:46:10
14	playgrounds, play lots and turf fields at more	18:46:13
15	than 15 schools across the city.	18:46:17
16	I mentioned before the investment in	18:46:23
17	staffing. This budget includes \$10 million in	18:46:25
18	funding for additional nurses, social workers	18:46:28
19	and case managers that will be supporting our	18:46:32
20	schools. The this budget also includes \$5	18:46:36
21	million to as part of the programmatic RFP	18:46:43
22	process to expand programming at 32 schools	18:46:47
23	and over the next five years. The investment	18:46:51
24	was for this year with a total of \$32 million	18:46:55

1	will extend over the next five years to clarify.	18:47:00
2	Additionally, for schools that are in	18:47:03
3	declining enrollment and low enrollment states,	18:47:05
4	we've invested \$31 million in equity grants to	18:47:08
5	219 elementary and high schools. And this is to	18:47:13
6	ensure that schools can provide the programming	18:47:16
7	needed to support their students.	18:47:19
8	And additionally, as I mentioned	18:47:22
9	before, we're investing \$12 million to support	18:47:23
10	English-language learners. This includes	18:47:26
11	additional funding for after school tutoring	18:47:30
12	programs, supplemental positions for the schools	18:47:32
13	with our highest concentration of English	18:47:35
14	learners, and for the first time we are	18:47:37
15	providing supplemental funding to all schools,	18:47:39
16	including those with 20 or fewer English learner	18:47:42
17	students.	18:47:45
18	I mentioned before the investments in	18:47:49
19	social workers, nurses and case managers. I'm	18:47:51
20	going to give a quick overview of those	18:47:53
21	year-over-year investments in those positions.	18:47:58
22	What this slide shows is at the	18:48:00
23	beginning of FY19 CPS had 457 social worker	18:48:02
24	positions. This continued through the last day	18:48:07

of school in 2019 and through the start of the
Fiscal Year 20. The investment announced a few
weeks ago by Mayor Lightfoot and Dr. Jackson has
allowed us to add additional social workers to
the FY2020 Budget, and we currently have 492
positions open in the FY2020 Budget.

7 Next on the nurses. We began the Fiscal Year 2019 with 327 nurses. We ended the 8 school year with 344, and as you can see we 9 10 began fiscal year 2020 with that same amount. 11 The recently announced investment has allowed us to add 30 additional nurses to the FY2020 12 13 Budget. We currently have 374 nurse positions included in the budget. 14

Finally, case managers. CPS began 15 16 Fiscal Year 2019 with 94 case managers. The number increased to 95 by the end of the school 17 And we began Fiscal Year 20 with 101. 18 year. The recently announced investment has allowed 19 CPS to add case manager positions up to 135 in 20 21 the Fiscal Year 2020 Budget.

It's also important to take a look back
at what we did in March this year when we rolled
out school budgets for the fall. So for the

18:48:10

1 first time in years CPS was able to release 2 school budgets in March due to our increased fiscal stability, which allowed principals to be 3 able to proactively plan, staff and schedule 4 their school for the coming year before the 5 school year was out this year. 6 7 Budgets -- school budgets increased by over \$73 million in Fiscal Year 2020 partly due 8 to the aforementioned equity grant that was 9 10 provided to 219 elementary and high schools and 11 additional other investments in diverse 12 learners, gen ed and programmatic expansion. Looking at school budgets in Fiscal 13 Year 2020, 52 percent of school funding comes 14 through the per pupil formula allocation of SBB. 15 16 So under student-based budgeting, schools receive a per pupil amount for each student 17 enrolled weighted by grade level and diverse 18 19 learner category. In 2020 the base per pupil rate is \$4,507, and this reflects a 2.5 percent 20 21 increase from Fiscal Year 2019. While SBB represents the base level of 22 23 funding, schools receive additional funding based on student and school level need, and this 24

represents the other 48 percent of the
 principal-managed resources. These funding
 allocations are determined by poverty, English
 learner status, diverse learner status and
 programmatic differentiation throughout our
 schools.

In Fiscal Year 2020 we're taking a 7 two-prong approach to support our schools in the 8 resources that we've allocated in school budgets 9 10 this year. The first category is additional 11 support for all schools. So as I mentioned 12 previously, we increased the SBB rate by 13 2-and-a-half percent to match the cost-of-living adjustment in the last year of the Chicago 14 Teachers Union contract, which expired on June 15 16 30th. We increased the supplemental aid per 17 pupil rate to \$920 per pupil. This is given to every school that has a free and reduced meal 18 eligible student. Additionally, all elementary 19 schools will receive federal dollars in Fiscal 20 21 Year 2020 from either Title I or Title II. Aside from the support that we rolled 22

Aside from the support that we rolled out to all schools, we also targeted additional support for specific school populations. As I

18:51:02

McCorkle Litigation Services, Inc. Chicago, Illinois (312) 263-0052 18:52:16

1	mentioned previously, \$31 million was allocated	18:52:19
2	through an equity grant for 219 small	18:52:23
3	under-enrolled schools. This is an effort to	18:52:26
4	ensure that elementary schools can avoid split	18:52:29
5	classrooms wherever possible and that high	18:52:32
6	schools have are able to offer a full slate	18:52:34
7	of programming to meet graduation requirements.	18:52:39
8	We allocated \$12 million in additional	18:52:42
9	English learner funding for students with	18:52:45
10	schools with the highest concentration of	18:52:47
11	English learners. \$27 million was invested,	18:52:49
12	this is the operating fund invested in	18:52:52
13	teachers teacher's aides and supplies to	18:52:54
14	support the new full-day pre-K classrooms.	18:52:57
15	As I mentioned previously, \$5 million	18:53:00
16	in new IB, STEM and other programmatic	18:53:02
17	investments was included in this year's budget.	18:53:05
18	And \$22 million in additional diverse learner	18:53:08
19	teachers and paraprofessionals was invested in	18:53:14
20	this year's budget.	18:53:16
21	Going back to the pension issue that I	18:53:19
22	mentioned previously, while we are on more	18:53:21
23	stable financial ground, there still exists a	18:53:24
24	major pension inequity between Chicago and other	18:53:27

1 districts in the state of Illinois. We are 2 currently the only district that pays a substantial -- any substantial amount of funding 3 towards its own teacher pensions, and when you 4 equate that to a per pupil amount, we see a big 5 disparity with what the state provides to other 6 7 districts and what the state provides to CPS. So on a per pupil basis the state is funding 8 over \$2700 per pupil for teacher pensions for 9 every district outside of Chicago, while it's 10 11 only funding \$661 per pupil throughout Chicago. 12 This is actually a vast improvement over where 13 we were in Fiscal Year 17 when the state gave us what equated to \$32 per pupil, but as you can 14 see by this chart, it's not clearly enough to 15 16 match the investment that the state makes in other districts' pensions. 17 18 This chart shows the pension obligation

extended out through 2059 for Chicago Public
Schools. So we are in much better shape
regarding our pensions. The state has picked up
the normal cost of CPS pensions. And CPS now
has a dedicated pension levy, which is a
property tax levy that is solely to fund teacher

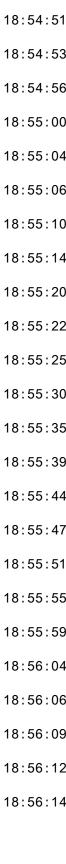

18:53:30

1 pensi ons. But the growth -- the projected 2 growth in our pension costs still puts us in a place where we will be spending roughly \$2 3 billion on teacher pensions by 2059. So we are 4 not in a situation anymore where this is 5 diverting 7, \$800 million from our Operating 6 Budget, but it is still a cost that we expect to 7 grow over time. 8

I mentioned before the FY2020 Capital 9 10 Budget. So this year's 2020 Capital Budget 11 includes \$821 million of investments in building 12 renovations, expansions, site improvements and 13 IT throughout -- schools throughout the There's six -- there's over \$600 in 14 District. guaranteed funding in this Capital Budget, and 15 16 we have \$202 million as you can see by the last two lines of this chart in potential funding. 17 We've allocated \$191 million in potential 18 state-funded capital projects based on the \$45 19 billion Capital Bill passed by the state 20 21 recently. These funds will be rolled out as projects become identified and CPS is able to 22 23 secure funding from the state for said capital We've also included \$11 million for 24 projects.

1	potential locally funded projects as if and	18:56:17
2	when funds become available.	18:56:21
3	As I mentioned, the 2020 Capital Budget	18:56:27
4	includes \$619 million in guaranteed funding.	18:56:30
5	This includes \$553 million of anticipated bond	18:56:34
6	offerings and other capital funds. As I	18:56:39
7	mentioned previously, CPS issues long-term bonds	18:56:42
8	to fund its Capital Budget, and this comprises	18:56:46
9	the primary funding source of this year's	18:56:50
10	capital plan. We also have the \$191 million in	18:56:53
11	state funding. We anticipate \$50 million in	18:56:57
12	federal E-rate funding to support our IT school	18:57:01
13	modernization. We have \$15 million in local	18:57:05
14	external funding. And we have earmarked \$11	18:57:11
15	million for any potential other external funding	18:57:14
16	that comes up throughout the year.	18:57:18
17	That ends my presentation. Thank you.	18:57:23
18	PRESIDENT del VALLE: Okay. Thank you.	18:57:26
19	We will get back to you with questions.	18:57:33
20	SECRETARY BELTRAN: Thank you,	18:57:37
21	Mr. President.	18:57:37
22	So we'll proceed with the public	18:57:38
23	comment section, and I'll share the rules for	18:57:40
24	public comment.	18:57:43

]
1	For the record I would like to note	18:57:47
2	that registration for the second FY20 Budget	18:57:49
3	Public Hearing was held between the hours of	18:57:51
4	5:30 p.m. and 6:30 p.m. Individuals who	18:57:54
5	registered to speak will have two minutes to	18:57:57
6	comment, and I will call the speakers in the	18:57:59
7	order of registration. This hearing will	18:58:00
8	conclude after the last person who has signed in	18:58:02
9	to speak has spoken or at 8:30 p.m., whichever	18:58:04
10	occurs first. When called, please state your	18:58:07
11	name.	18:58:07
12	And, Mr. President, I will call by	18:58:10
13	calling the first speaker, we have Mr	18:58:12
14	speaker number 1, Tom Zablocki, followed by the	18:58:16
15	second speaker, Jennie Biggs.	18:58:20
16	Mr. ZABLOCKI: Hello. My name is Tom	18:58:22
17	Zablocki, I'm an organizer with SEIU, and my	18:58:25
18	wife is a CPS teacher at Saucedo Academy. I'm	18:58:28
19	here to finish some remarks that my colleague	18:58:32
20	over there couldn't finish during the first	18:58:35
21	hearing.	18:58:37
22	So we Local 73 represents 7,000	18:58:38
23	special education classroom assistants,	18:58:40
24	custodians, security and bus aides across the	18:58:43

1 District. And the average salary of SEIU Local 18:58:45 73 members working for the Board is less than 2 18:58:49 \$34,000 per year. This isn't enough money to 18:58:52 3 live in the city, and it forces workers to work 18:58:56 4 multiple jobs and contributes to the high 18:58:56 5 turnover rates. Treating these workers as 18:58:57 6 7 disposable hurts students, particularly diverse 18:59:00 learners who need SECA support. 18:59:04 8 Part of what has led us to this point 18:59:06 9 18:59:07 10 is that the Board reneged on contractually 11 agreed upon cost of living increases in 2012 and 18:59:07 12 2017 that were taken from our members. And then 18:59:12 we were denied another 2 percent increase in 13 18:59:14 2019 as the Board has dragged their feet during 18:59:17 14 18:59:20 current contract negotiations. 15 During an 16 economic downturn and Rahm Emanuel's era of 18:59:23 austerity, Local 73 members tightened their 18:59:25 17 belts and now CPS's economic outlook has 18 18:59:27 19 improved. We have seen an increase of 27 18:59:30 percent in operating revenue between 2017 and 18:59:33 20 21 2020, yet the Board's lawyers that our members 18:59:35 18:59:38 22 are negotiating with continue to fight tooth and 23 nail against us rather than working together to 18:59:41 18:59:42 make our schools a better place for students and 24

1	workers.	18:59:44
2	And what's really absurd is the	18:59:46
3	difference between the union's wage proposals	18:59:47
4	and the District's wage proposals constitute	18:59:47
5	less than half of one percent of the overall	18:59:50
6	budget in year three when total salaries already	18:59:52
7	account for 43 percent of the District budget.	18:59:55
8	And so we our members really have	18:59:58
9	high hopes for the new Board on doing the right	19:00:01
10	thing, but they're also ready to stand with the	19:00:03
11	Chicago Teachers Union and willing to strike for	19:00:07
12	what's right.	19:00:09
13	SECRETARY BELTRAN: Thank you,	19:00:10
14	Mr. Zablocki.	19:00:13
15	Our next speaker please, speaker number	19:00:13
16	2, Jenni e Bi ggs.	19:00:15
17	MS. BIGGS: Hi there. Jennie Biggs,	19:00:16
18	CPS parent, Raise Your Hand. Every budget	19:00:22
19	hearing should be held in the neighborhoods. I	19:00:25
20	think that's evident right here that if it was	19:00:27
21	in the neighborhoods there'd be a lot more	19:00:30
22	people to engage with. This would increase	19:00:33
23	parent, educator and community access. Whose	19:00:35
24	values does it serve to have in this location	19:00:38

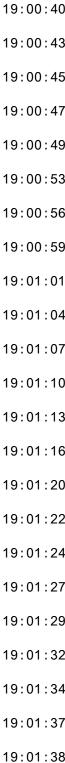

and not in our neighborhoods near our families?
And while we appreciate the changes made to the
monthly Board of Ed process and format, this
spirit and commitment of increased community
engagement, access and transparency needs to be
formalized into a model for all future Chicago
and CPS community engagement.

In its analysis of the Fiscal Year 2020 8 CPS Budget, Chalk Beat Chicago includes this 9 10 quote: Experts say the relative size of 11 Chicago's education bureaucracy, about 5 percent 12 of the District's Operating Budget, is bigger 13 than other large urban school districts, even as the city has moved toward a more decentralized 14 approach to governing and funding schools. 15

This is unacceptable. We've been saying for years that the CPS bureaucracy needs to be downsized and those funds need to be redirected into schools and into classrooms, then priority should be given to all of the students and schools with the most need.

22 We wanted to point out a few other 23 things that have been brought to our attention. 24 The Chicago school librarians have done some

McCorkle Litigation Services, Inc. Chicago, Illinois (312) 263-0052 19:01:40

1	number crunching, and they are saying that	19:01:43
2	librarians have been cut again this time by 15	19:01:45
3	from 100 they believe there were actually 123	19:01:50
4	librarians last year, and there will be 108	19:01:54
5	actual librarians this year according to the	19:01:58
6	budget. The promised increase in social	19:01:59
7	workers, nurses and case managers, which are	19:02:03
8	critical staff needed by students and educators	19:02:05
9	across the city which you all have recognized,	19:02:07
10	it actually goes unmentioned in this budget	19:02:10
11	according to a WBEZ report that was put out this	19:02:12
12	week.	19:02:17
13	We also think the case manager	19:02:17
14	positions that have been allocated should	19:02:19
15	include the number of students	19:02:22
16	SECRETARY BELTRAN: Ms. Biggs.	19:02:23
17	MS. BIGGS: with 504 Plans. Yes, I	19:02:24
18	will finish up. As well as the number of	19:02:27
19	students who have LEPs.	19:02:28
20	One last thing, we just want to say we	19:02:30
21	think it's very disingenuous to say you are	19:02:32
22	adding special education nursing and social	19:02:37
23	worker positions when you have had hundreds of	19:02:39
24	vacancies in these areas for the past several	19:02:42

Ĩ		
1	years. You need to provide incentives, better	19:02:44
2	pay, improve working conditions to raise staff	19:02:47
3	into your promised levels, otherwise it's just	19:02:50
4	smoke and mirrors. We need to really start	19:02:51
5	thinking outside the box as to how to attract	19:02:54
6	people to our District and keep them in our	19:02:57
7	District. Thank you.	19:02:59
8	SECRETARY BELTRAN: Thank you,	19:02:59
9	Ms. Biggs.	19:03:00
10	Mr. President, this concludes the	19:03:00
11	registered speakers on the list.	19:03:01
12	PRESIDENT del VALLE: Is there anyone	19:03:04
13	in the audience who wanted to speak and didn't	19:03:05
14	sign up? If not, we'll proceed to Board Member	19:03:07
15	comments and questions and comments that	19:03:12
16	Dr. Jackson might have.	19:03:18
17	In reference to the last speaker, we	19:03:21
18	spent a lot of time in the first budget hearing	19:03:23
19	talking about the points that you raised. So	19:03:25
20	if you could	19:03:30
21	MS. BIGGS: Sorry, I couldn't make it.	19:03:30
22	PRESIDENT del VALLE: check with	19:03:32
23	folks they'll be able to fill you in. But thank	19:03:33
24	you for your comments.	19:03:37

Г

1 Can we come back up here? Oh, Matt. 19:03:39 2 Okay. 19:03:39 PLease. 19:04:07 3 VICE PRESIDENT REVULURI: So at the 19:04:07 4 last hearing I asked to clarify what's the 19:04:10 5 negative cash balance, and I'm going to ask 19:04:14 6 probably the same question in a different way 7 19:04:17 because I don't understand it yet. 19:04:19 8 What's the difference between the fund 19:04:21 9 10 balance being a positive 365 million and the 19:04:22 11 year-end cash balance being a negative 115 19:04:26 million, what does each of those mean? 12 19:04:29 Good afternoon, Ron 19:04:36 13 MR. DeNARD: DeNard, Senior Vice President of Finance. So 19:04:41 14 19:04:44 fund balance is an accounting book number, and 15 16 back in 2014 there was an accounting adjustment 19:04:49 made to a fund balance, so it was in a sense 19:04:55 17 19:05:01 18 artificially more positive. So it was an accounting technique called revenue recognition. 19:05:04 19 Now we recognize our revenue through August of 19:05:07 20 19:05:13 21 the next year. So when we have property taxes 19:05:15 22 that come in through August, we actually 19:05:17 23 recognize those property taxes into the prior 19:05:20 24 So that in a onetime -- a onetime effort year.

increased fund balance.

1

2	If you look prior to 2014 and you	19:05:26
3	looked at fund balance and cash, they were	19:05:30
4	relatively the same. But after that revenue	19:05:33
5	recognition, fund balance and cash is now out of	19:05:37
6	sync. So cash is more of an approximation of	19:05:42
7	the true financial condition of CPS, however,	19:05:47
8	fund balance is a measurement that, you know,	19:05:51
9	the financial community does look at.	19:05:54
10	MR. SITKOWSKI: And I think to follow	19:05:59
11	on that, the simplest way that I've heard it	19:06:01
12	explained is that our cash balance represents if	19:06:04
13	you had a credit card and you spent \$115 million	19:06:06
14	but had nothing to pay it off, so you'd be in a	19:06:09
15	negative cash position at that point. And	19:06:13
16	that's where we ended the fiscal year this year.	19:06:15
17	VICE PRESIDENT REVULURI: And so the	19:06:17
18	fund balance is also a snapshot number or is it	19:06:18
19	a number for an entire school year?	19:06:21
20	MR. DeNARD: It is the results of	19:06:23
21	operations for the full year, what was your	19:06:27
22	for that point in time, what was your operating	19:06:31
23	revenues versus your operating expenses.	19:06:34
24	VICE PRESIDENT REVULURI: So it's for	19:06:38

McCorkle Litigation Services, Inc. Chicago, Illinois (312) 263-0052 30

19:05:25

1	the full fiscal year?	19:06:39
2	MR. DeNARD: Yes.	19:06:41
3	VICE PRESIDENT REVULURI: Okay. Thank	19:06:42
4	you.	19:06:44
5	MR. DeNARD: And then that number that	19:06:44
6	you see though is cumulative over time.	19:06:45
7	VICE PRESIDENT REVULURI: I have one	19:06:50
8	other question, which is more I think a budget	19:06:51
9	question.	19:06:53
10	You mentioned that Title funding, Title	19:06:54
11	I and II funding from federal sources is going	19:06:57
12	to every school. Is that distributed sort of	19:07:01
13	proportional to enrollment or is it not, is it	19:07:04
14	di stri buted di fferentl y?	19:07:07
15	MR. SITKOWSKI: So Title Title	19:07:10
16	funding every elementary school received	19:07:11
17	Title funding in this year's budgets. The	19:07:14
18	biggest portion is distributed through Title I,	19:07:17
19	and that's distributed in proportion to the	19:07:20
20	poverty concentration at a particular school and	19:07:24
21	the total enrollment. So the Title I is	19:07:25
22	allocated through a progressive formula, where	19:07:29
23	as the poverty concentration at a school goes	19:07:29
24	up, the per pupil amount that every student	19:07:32

]
1	receives goes up as well. So it's tied to both	19:07:34
2	of those metrics.	19:07:37
3	Title II is allocated through both	19:07:39
4	to reduce class size and to support professional	19:07:42
5	development at schools. But that represents a	19:07:44
6	much smaller slice of the Title funding.	19:07:46
7	VICE PRESIDENT REVULURI: And is that	19:07:49
8	distributed proportionally or is it different?	19:07:50
9	MR. SITKOWSKI: The class size piece is	19:07:52
10	distributed through a calculated class size	19:07:55
11	formula intended to help schools with limited	19:07:58
12	local funding reduce their class size.	19:08:00
13	And then the professional development	19:08:05
14	portion is targeted towards schools that do not	19:08:07
15	receive either Title I discretionary funding or	19:08:10
16	Title II class size funding.	19:08:13
17	VICE PRESIDENT REVULURI: Okay, that's	19:08:15
18	hel pful .	19:08:16
19	Is what roughly is the ratio of the	19:08:18
20	Title I funding to Title II?	19:08:20
21	MR. SITKOWSKI: Title II off the top of	19:08:22
22	my head it's close to \$180 million that we roll	19:08:25
23	out to both District and charter schools through	19:08:28
24	the formula that I mentioned.	19:08:32

MS. WENDELL: For Title I. 1 19:08:36 MR. SI TKOWSKI : For Title I. And then 19:08:37 2 Title II is roughly like \$6 million. 19:08:38 3 VICE PRESIDENT REVULURI: Got it. 19:08:41 4 Thank you. 19:08:42 5 PRESIDENT del VALLE: Any other 19:08:43 6 7 questions or comments? 19:08:45 MEMBER TODD-BRELAND: Can I -- so this 19:08:47 8 is I think for Matt. 19:08:48 9 So at the last hearing you shared this 10 19:08:53 11 graphic about the social workers and investment 19:08:56 12 to build on social worker increases, can you 19:08:58 share that and explain it? 19:09:01 13 And I was also wondering if it would be 19:09:02 14 possible to get similar graphics for the other 19:09:05 15 16 clinicians that we've discussed, nurses, and 19:09:07 then librarians as well? 19:09:10 17 18 MR. LYONS: Yes, we absolutely could. 19:09:11 The distinctions between those being 19 19:09:14 some are essentially the decisions are made 19:09:16 20 19:09:19 21 about whether to invest in that position or individual at the school level is the librarians 19:09:23 22 19:09:25 23 versus --MEMBER TODD-BRELAND: Maybe you could 19:09:26 24

1 just --19:09:27 MR. LYONS: -- centrally. 2 19:09:28 MEMBER TODD-BRELAND: -- explain that. 19:09:28 3 MR. LYONS: 19:09:29 4 Okay. MEMBER TODD-BRELAND: 19:09:30 Thank you. 5 MR. LYONS: So -- so on the screen 19:09:31 6 represents kind of a longer look at social work 7 19:09:33 positions across the District. I apologize it's 19:09:38 8 19:09:41 a little smaller than last time. The -- vou 9 10 know, you can see from school year 09-10 all the 19:09:45 11 way on the left through school year 17-18 there 19:09:51 12 is a gradual, sometimes not so gradual, 19:09:53 reduction in the number of social workers across 13 19:09:57 the District. The vast majority of these are 19:09:59 14 centrally funded and represent the District's 19:10:02 15 16 investment as a whole, not school-based 19:10:05 decisions. And the line, which I didn't 19:10:09 17 18 actually reference the last time, represents a 19:10:15 ratio of students to social workers. 19:10:17 19 In July of 2018 Dr. Jackson announced a 19:10:23 20 19:10:26 21 big investment in 160 additional social work 19:10:30 Partially because of the timing 22 positions. 23 about that and just where it fell in the 19:10:33 19:10:37 24 calendar, we were able to hire for some but not

1 all for last school year. So we were able to hire about 40 additional social workers out of 2 And so you see that big yellow area that 160. 3 in the SY19 bar and that represents vacancies 4 that were -- this data is a snapshot, but 5 essentially those were carried most of last 6 7 school year, about 120 vacancies. When we got to the winter when we were really able to kind 8 of hit the peak hiring season for school social 9 10 workers, we were able to close that gap 11 considerably. And you can see for SY20 this 12 represents essentially as of last week how many 13 social workers on staff we had filling these positions, and the number as of that date was 14 about 415, which represents the highest staffing 15 16 level for social workers at CPS back at least That's the height of the blue bar. 17 ten years. We still have some vacancies associated 18 with that initial batch. And then there was an 19 additional investment, and that's the kind of 20 21 gray bar at the top of the SY20 bar. And that

19:10:41 19:10:44 19:10:47 19:10:50 19:10:54 19:10:57 19:10:59 19:11:02 19:11:05 19:11:09 19:11:11 19:11:14 19:11:17 19:11:19 19:11:21 19:11:26 19:11:29 19:11:33 19:11:35 19:11:40 19:11:42 19:11:47 19:11:51 19:11:53

22

McCorkle Litigation Services, Inc. Chicago, Illinois (312) 263-0052

represents the additional 35 social workers that

Dr. Jackson's recent announcement of additional

were rolled out as part of the Mayor and

investments.

1

•		
2	Again, this is a down payment on a much	19:11:57
3	larger plan to add hundreds of social workers,	19:12:00
4	which is really what the additional white bars	19:12:03
5	lay out. Those are not in a budget yet because	19:12:06
6	those are for future fiscal years, but this	19:12:10
7	really maps out what the numbers, you know, and	19:12:13
8	projections were behind the Mayor and	19:12:15
9	Dr. Jackson's announcement of an investment and	19:12:18
10	a down payment this year. So that's essentially	19:12:21
11	where we've been for social workers.	19:12:26
12	For nurses, and I think there were	19:12:28
13	slides earlier with tables, there's been	19:12:31
14	additional growth. Last year it was more	19:12:33
15	modest than what is on the social work slide, of	19:12:36
16	course, but last year was, you know, a	19:12:39
17	represented increase of 17 positions that did	19:12:44
18	not translate into exactly 17 additional nurses,	19:12:47
19	but it was I think about a dozen last year we	19:12:51
20	increased. We committed an investment of hiring	19:12:54
21	an additional 30 nurses, and that's what these	19:13:00
22	positions represent. And we think we're going	19:13:03
23	to get to 30 during the course of this school	19:13:05
24	year. But again these are social work and	19:13:08
		1

McCorkle Litigation Services, Inc. Chicago, Illinois (312) 263-0052 36

19:11:56

1 nurses in particular are really high need areas 19:13:10 for -- across the state and nationally. In the 2 19:13:12 case of nursing, not just in education, 19:13:16 3 hospitals are suffering kind of a similar 19:13:19 4 squeeze. 19:13:23 5 So, you know, things we put in place 19:13:23 6 7 like helping people with an RN, so registered 19:13:26 Or in the case of social workers, who 19:13:30 nurses. 8 are licensed social workers who practice in 19:13:33 9 10 Illinois, we are paying or reimbursing them for 19:13:35 11 tuition to get the proper credentials to be a 19:13:37 12 school nurse or school social worker, and we'll 19:13:41 continue to expand those investments. 13 19:13:44 You know, librarians, just for a 19:13:46 14 moment, I know there's been a lot of discussion 19:13:48 15 16 about a continued reduction. Librarians are 19:13:50 different from the social workers and nurses in 19:13:54 17 that the District doesn't make a choice for 19:14:00 18 schools about whether to provide kind of arts or 19:14:03 19 library. If we had our choice everyone would be 19:14:06 20 19:14:11 21 able to have any programs that they want. Practically speaking it's not a reality and so 22 19:14:13 23 the gradual decline really represents the 19:14:16 decisions that principals are making at their 19:14:19 24

school.

1

•	
2	The additional context I would provide
3	is that the idea of providing more librarians is
4	easy to say. Last year I think our estimate on
5	the number of school librarian graduates across
6	the state of Illinois was about ten. And we
7	got over the last 12 months we had eight
8	qualified applicants across the District for
9	school librarians. So even if we were to make
10	an investment, it would not be in a place where
11	we were able to make much headway due to a
12	limited number of available candidates.
13	The last element which I think was
14	discussed was around case managers. And the
15	real the distinction for case managers
16	because each of those job categories has kind of
17	a different story, case managers are not
18	particularly hard for us to fill. We had 94
19	during last school year and added to 95 they
20	were essentially fully filled. The challenge
21	there is that opening case managers will produce
22	additional vacancies in special education
23	teachers given that the qualifications are the
24	same. And we don't see those vacancies pop up

19:15:12

19:15:15

19:15:18

19:15:22

19:15:25

19:15:31

19:15:33

19:15:36

1	evenly where we're just making a choice about	19:15:41
2	which services to provide and which ones to	19:15:44
3	still be working to staff. Essentially case	19:15:47
4	managers opened on the north side produce	19:15:50
5	vacancies in special education teachers on the	19:15:55
6	west and south sides. So a little bit of an	19:15:58
7	oversimplification obviously, but that is	19:16:00
8	predominantly the pattern that we see across all	19:16:02
9	job categories, particularly those that are high	19:16:06
10	need and where there aren't enough candidates to	19:16:09
11	fulfill the demand.	19:16:11
12	MEMBER TODD-BRELAND: Thank you.	19:16:12
13	VICE PRESIDENT REVULURI: Sorry, if I	19:16:16
14	could jump in because it's sort of a follow-up	19:16:17
15	to your comment about librarians. That's	19:16:20
16	something I definitely didn't know that there's	19:16:21
17	a few new graduates across the state, but if the	19:16:23
18	number of librarians librarian positions has	19:16:27
19	been declining, where have those people gone?	19:16:30
20	Are many of them still in CPS in different	19:16:35
21	positions?	19:16:38
22	MR. LYONS: So it would be a lot of	19:16:38
23	them likely are, but probably more are no longer	19:16:40
24	with the District. I mean, this has been a long	19:16:43

Г

1 -- this is similar to the social work graphic I
2 showed, like this has been over the last decade
3 or more.

I could tell you, you know, again 4 without all the information at my fingertips 5 right here, you know, librarians just in the 6 7 general kind of teacher population are tending to be closer to retirement just from a 8 demographic standpoint. I would expect that 9 10 that was true over the last several years too, 11 so it's likely that a lot of them have retired. 12 VICE PRESIDENT REVULURI: Thank you. MEMBER MELENDEZ: Just a clarifying 13 Part of the decline supports the low 14 auestion. number graduates, but also the fact that 15 16 librarian positions are funded by schools, not by Central Office. 17

MR. LYONS: Yes. And I don't want to actually imply that the decline in the positions is being caused by the low number of candidates, though those are related. If a principal has the option of opening a library candidate that they're going to spend seven months filling or more, they may opt to have an art teacher or 19:16:50 19:16:52 19:16:53 19:16:55 19:17:00 19:17:03 19:17:06 19:17:10 19:17:12 19:17:16 19:17:19 19:17:24 19:17:25 19:17:32 19:17:35 19:17:39 19:17:40 19:17:41 19:17:44 19:17:49 19:17:52 19:17:55

19:16:47

McCorkle Litigation Services, Inc. Chicago, Illinois (312) 263-0052 19:17:57

1	another another another provide another	19:18:01
2	service to students over academic programming.	19:18:04
3	The but, yes, the decline over the long-term	19:18:06
4	has been the result of principals having to make	19:18:10
5	choices, choices that we didn't we don't	19:18:14
6	always want them to have to make, but	19:18:16
7	ultimately, especially over the prior, you know,	19:18:19
8	eight or nine years in a resource-constrained	19:18:22
9	system, they've had to make the choices. And	19:18:27
10	they're closest to the ground and really should	19:18:29
11	be the ones making the choices about what their	19:18:31
12	school communities need.	19:18:34
13	MEMBER MELENDEZ: And for the librarian	19:18:35
14	position, do they need a Master's Degree in	19:18:37
15	library sciences or can they have a BA.	19:18:39
16	MR. LYONS: It's they can definitely	19:18:45
17	have a BA. It's actually it's a	19:18:46
18	certification, so it's a teaching license.	19:18:50
19	MEMBER MELENDEZ: It's a teaching	19:18:52
20	license with a librarian. Is that different	19:18:54
21	from, for example, librarians that work in	19:18:56
22	institutions of higher education, so it's a	19:18:58
23	different career path?	19:19:01
24	MR. LYONS: Similar to the school	19:19:03

Г

1	social work maybe we would say. It's like,	19:19:05
2	well, there's not an IEP component for	19:19:06
3	librarians. It's a school librarian license,	19:19:10
4	not a librarian license.	19:19:12
5	MEMBER MELENDEZ: Okay. Okay. Thank	19:19:13
6	you.	19:19:14
7	PRESIDENT del VALLE: Any other	19:19:15
8	questions?	19:19:18
9	I have a question about the 31 million	19:19:19
10	in equity grants. Those grants are for schools	19:19:27
11	that have lost enrollment, right?	19:19:31
12	MR. SITKOWSKI: That's correct.	19:19:37
13	PRESIDENT del VALLE: How many school	19:19:38
14	budgets are less this year in this proposed	19:19:39
15	budget are less than the previous year?	19:19:45
16	MR. SITKOWSKI: So when we look at the	19:19:49
17	overall snapshot of District schools, the	19:19:51
18	roughly 515 schools that we have, about three	19:19:54
19	quarters of the District school budgets are up	19:19:58
20	year to year. And that's accounting for the	19:20:01
21	investments we've made in SBB, in supplemental	19:20:02
22	aid, and then the targeted investments that	19:20:05
23	we've made throughout for the schools that are	19:20:07
24	seeing the enrollment declines.	19:20:09

Ī		
1	PRESIDENT del VALLE: Okay. So how	19:20:11
2	many schools will have a lower budget this next	19:20:12
3	school year than they had prior year when you	19:20:17
4	take into account the 30 the distribution of	19:20:22
5	the 31 million?	19:20:26
6	MR. SITKOWSKI: So roughly a quarter of	19:20:27
7	the District schools will see a decline in their	19:20:29
8	budget from last year to this year.	19:20:32
9	PRESIDENT del VALLE: A quarter. And	19:20:34
10	that's due to declining enrollment?	19:20:35
11	MR. SITKOWSKI: That's due primarily to	19:20:40
12	declining enrollment. And there's a number of	19:20:43
13	schools that did receive the equity grant that	19:20:46
14	still maybe saw a slight decline but a decline	19:20:48
15	that was not as sharp due to the initial funds	19:20:51
16	they received through the equity.	19:20:53
17	PRESIDENT del VALLE: Right. And I	19:20:53
18	think these funds do make a great difference and	19:20:55
19	they're important.	19:20:57
20	But what are we doing for the schools,	19:21:00
21	Dr. Jackson, that will still see a decline in	19:21:03
22	their budget even with the equity grant?	19:21:08
23	DR. JACKSON: I think just the	19:21:10
24	characterization of a decline, I would argue	19:21:11

1 that those schools are actually getting the same 19:21:13 amount if not more because we're actually giving 2 19:21:15 them more money than they would originally have 19:21:18 3 been allocated based on their student-based 19:21:21 4 So I think characterizing it as a 19:21:23 budaetina. 5 decline without taking into consideration a 19:21:25 6 7 sharp decline in enrollment, it's not an 19:21:28 19:21:31 apples-to-apples comparison. 8 I don't know if you want to highlight 19:21:32 9 10 that, but in all of these cases the school that 19:21:34 11 received an equity grant, the schools would have 19:21:36 12 received even fewer dollars than what's being 19:21:39 19:21:43 13 presented to the Board today had we not made the additional investment. 19:21:46 14 PRESIDENT del VALLE: And I understand 19:21:47 15 16 that, that's what the equity grants are for. 19:21:48 But again, what -- it's due to declining 19:21:50 17 19:21:56 enrollment --18 DR. JACKSON: 19 Yes. 19:21:57 PRESIDENT del VALLE: -- right? That's 19:21:57 20 21 the reduction of funds. 19:21:58 DR. JACKSON: Yes. 19:22:00 22 23 PRESIDENT del VALLE: Of course, if you 19:22:00 don't have the enrollment, you don't have the 19:22:01 24

1 student-based budget a month that's going to the 19:22:03 So how many of those schools are seeing 2 school. 19:22:06 a dramatic decline in this year's budget? 19:22:12 3 DR. JACKSON: Well, we can go through 19:22:18 4 the different categories because we broke them 19:22:20 5 down in the memo, but one of the things I want 19:22:24 6 7 to highlight is the schools who are receiving --19:22:27 for the most part the schools that are receiving 19:22:29 8 a budget cut, it is due to the reduction in the 19:22:31 9 10 number of students that they have. 19:22:34 11 What we have done to answer your 19:22:36 12 question to support them is to provide them with 19:22:38 19:22:40 13 additional money so that, for example, our elementary schools would not have to see split 19:22:42 14 classes as a result of this. In some of the 19:22:46 15 16 cases the high schools would be able to keep 19:22:48 positions, such as, deans, et cetera, again, 19:22:51 17 18 principal-based decisions, that they need in 19:22:53 19 order to support their school. 19:22:55 So I think the answer to the question 19:22:57 20 21 is we've given them extra money despite the fact 19:22:58 19:23:01 22 that the enrollment has declined sharply, and 23 the individual principals are making decisions 19:23:04 19:23:05 24 about how to use that given the population that

they have.

1

2 In most cases at the elementary level I would say that principals use it so that they 3 don't have to have split classrooms and retain 4 teachers. And at the high school it's 5 oftentimes used for additional support services 6 that they may need outside of the classroom. 7 PRESIDENT del VALLE: So then in 8 addition to the 31 million in equity grants, we 9 are providing additional support to those 10 11 school s? 12 DR. JACKSON: No, the equity grant is

the additional support. So if we did not have 13 the equity grant, those schools would have 14 received a budget cut commiserate with the 15 16 decline in enrollment, which for some of them would have been hard for them to sustain their 17 Knowing that that would be the case, 18 school. the action that we took was to provide an equity 19 grant so that those schools could still have an 20 21 academic program that allowed for a teacher in each grade, et cetera. 22 23 PRESIDENT del VALLE: Okay.

DR. JACKSON:

And we should also note

19:23:11 19:23:14 19:23:17 19:23:19 19:23:21 19:23:24 19:23:24 19:23:27 19:23:29 19:23:29 19:23:31 19:23:33 19:23:35 19:23:40 19:23:43 19:23:44 19:23:46 19:23:49 19:23:53 19:23:55 19:23:57 19:23:59

19:23:07

19:23:07

24

]
1	our budget, the budget that the District	19:24:01
2	received receives, is based on students as	19:24:04
3	well. And so this is an equity grant in that	19:24:06
4	schools are receiving what they get based on the	19:24:08
5	per pupil allotment that we get from state	19:24:11
6	funding, et cetera, but we're also taking	19:24:15
7	additional the additional new money that we	19:24:17
8	received from the state and distributing it to	19:24:19
9	the schools that we think are the schools in	19:24:23
10	most need.	19:24:25
11	PRESIDENT del VALLE: So the equity	19:24:25
12	grants are prioritized?	19:24:26
13	DR. JACKSON: Yes.	19:24:27
14	PRESIDENT del VALLE: For the schools	19:24:28
15	that are	19:24:31
16	DR. JACKSON: With the most	19:24:31
17	PRESIDENT del VALLE: most affected	19:24:31
18	by decline enrollment?	19:24:32
19	DR. JACKSON: Absolutely.	19:24:34
20	PRESIDENT del VALLE: Okay. Thank you.	19:24:34
21	Any other questions or comments?	19:24:38
22	The E-rate, that's all federal money?	19:24:42
23	MR. SITKOWSKI: The \$50 million in	19:24:45
24	E-rate is federal money.	19:24:47

]		
1	PRESIDENT del VALLE: The 50 million.	19:24:49
2	And that's for IT modernization?	19:24:50
3	MR. SITKOWSKI: Yes.	19:24:54
4	PRESIDENT del VALLE: Are we adding to	19:24:54
5	that amount for the modernization?	19:24:56
6	DR. JACKSON: I believe there's	19:25:00
7	Arnie, can you clarify?	19:25:02
8	MR. RIVERA: Yeah, as part of our	19:25:02
9	capital budget there's a match of \$11 million in	19:25:04
10	order for us to qualify for the \$50 million of	19:25:08
11	E-rate subsidy.	19:25:10
12	PRESIDENT del VALLE: Oh, so it's a	19:25:11
13	total of 61 million that we're spending?	19:25:12
14	MR. RIVERA: Correct.	19:25:15
15	PRESIDENT del VALLE: Okay. Thank you.	19:25:16
16	MEMBER SOTELO: I just want to follow	19:25:19
17	up to your questions.	19:25:21
18	The memo actually outlines a lot of	19:25:23
19	prudent decisions that have been made, but at	19:25:30
20	some point during the school year we should	19:25:32
21	follow up just to see how the equity grant is	19:25:36
22	performing as its intended, right, especially	19:25:39
23	when you have, you know, a reduction of 17	19:25:42
24	percent compared to that's actually	19:25:45
		1

]
1	subsidized with the equity by half the amount,	19:25:50
2	50 percent, yet the school had a 24 percent	19:25:55
3	reduction in enrollment. It begs more questions	19:25:58
4	for me about the impact of the total investments	19:26:02
5	in those kind of with those kind of numbers	19:26:06
6	to ensure that we're actually that it's	19:26:09
7	actually working as intended for the student	19:26:14
8	body, right. So I think that as we look at the	19:26:16
9	total equity investments, we should probably	19:26:19
10	revisit it, you know, when it's prudent to	19:26:22
11	actually assess how it's working or it's not.	19:26:25
12	PRESIDENT del VALLE: Any other	19:26:30
13	questions or comments?	19:26:31
14	Dr. Jackson, would you like to given	19:26:33
15	what we heard today?	19:26:38
16	DR. JACKSON: Oh, yeah. Well, I	19:26:39
17	appreciate all the questions and comments. I	19:26:40
18	did make we had a lot more activity earlier,	19:26:42
19	and Matt Lyons and Heather were able to clarify	19:26:50
20	some of those, but there was one question about	19:26:53
21	CPS Central Office that we wanted to clarify for	19:26:56
22	the record and we'll also clarify per your	19:26:58
23	recommendation with an FAQ for people after the	19:27:01
24	budget hearing who weren't able to be here	19:27:04

Г

today.

1

But the District budget for Central 2 Office is down 13 percent since 2014, and so 3 just really want to make sure that people 4 understand that we have been making an effort to 5 continue to reduce our footprint centrally. 6 And 7 when we make investments centrally, it's always in an effort to provide support directly to 8 schools, and sometimes it's just things we can 9 10 do at the District level much more economically 11 than trying to put a position or resource in 12 every single school. But I wanted to make sure 13 this notion of a bloated bureaucracy was addressed because we have made tremendous 14 progress in reducing our footprint and making 15 16 sure that we are supporting schools directly. And we also talked about how we can 17

represent positions in our budget to make it
clear which of those positions are people who
may be centrally funded but spend 100 percent of
their time in schools working for children
compared to people who work in Central Office
who also work on behalf of children every single
day. But I wanted to make sure that people were

19:27:06 19:27:09 19:27:14 19:27:17 19:27:19 19:27:22 19:27:25 19:27:28 19:27:31 19:27:34 19:27:37 19:27:39 19:27:42 19:27:45 19:27:47 19:27:50 19:27:52 19:27:54 19:27:56 19:28:00 19:28:02 19:28:04

19:27:06

McCorkle Litigation Services, Inc. Chicago, Illinois (312) 263-0052 19:28:07

1	clear about our footprint and also acknowledge	19:28:09
2	that the additional positions, all of these	19:28:11
3	positions have been announced throughout the	19:28:14
4	school year. They include investments in very	19:28:16
5	critical departments, such as, the Office of	19:28:19
6	Equity, the curriculum equity grant	19:28:21
7	Curriculum Equity Initiative, the OIG's office	19:28:24
8	to protect Chicago's children, as well as the	19:28:29
9	Office of Student Protections.	19:28:31
10	MEMBER TODD-BRELAND: And also can l	19:28:36
11	just on the FAQs that were mentioned in the	19:28:36
12	previous one. Would it be possible to add this	19:28:39
13	slide on the investments and a similar slide?	19:28:41
14	Because I think there are just a lot of	19:28:45
15	questions about where does this additional	19:28:46
16	investment fit in and how does it relate to	19:28:48
17	current staffing needs that this graphic I think	19:28:51
18	is helpful in explaining.	19:28:53
19	DR. JACKSON: Yeah. Yeah. We'll	19:28:54
20	MEMBER TODD-BRELAND: And a similar	19:28:55
21	one, you know, for these categories of focus.	19:28:56
22	DR. JACKSON: Yeah, we will include	19:28:59
23	those.	19:29:00
24	MEMBER TRUSS: Because, I mean, I was	19:29:05

1 one of those once upon a time on the other side 19:29:06 2 of the glass there that was like basically, 19:29:09 yeah, to have those questions in a sense. And I 19:29:12 3 think that as we -- you know, and I think 19:29:14 4 19:29:19 there's been tremendous improvement of really 5 getting information out there, you know, to the 19:29:20 6 public, you know, starting with your team, 7 19:29:22 19:29:25 Dr. Jackson, to be transparent, and all I can do 8 is just encourage you just to keep --19:29:28 9 10 DR. JACKSON: Keep putting it out 19:29:28 11 there. 19:29:28 12 MEMBER TRUSS: -- putting it out there 19:29:30 and people are going to draw their own 13 19:29:31 Sometimes you just cannot -- you 19:29:33 14 conclusions. know, something you cannot always control. You 19:29:35 15 16 know, something Jadine did while we were out 19:29:39 there dealing with our own issue that we were 19:29:41 17 18 able to put some things to rest. But it's just 19:29:44 19:29:47 19 that all we can do is just keep putting it out 19:29:49 there because I think people in the beginning 20 21 was thinking that it was disingenuous to saying, 19:29:50 19:29:53 22 okay, it was in the budget. But just when we 23 all kind of came on board we saw the reality of 19:29:55 trying to staff some of these positions. 19:29:59 24

Į]
1	And, President del Valle, again, l	19:30:01
2	appreciate your comments from the previous	19:30:03
3	hearing about, you know, partnering with Chicago	19:30:05
4	Teachers Union and other, you know, stakeholders	19:30:09
5	saying, hey, let's get the word out that, you	19:30:11
6	know, we can say what we want, but we got to	19:30:13
7	work for what we need to get. And you can say	19:30:16
8	it, but if you don't put the work in it, you get	19:30:18
9	the same results.	19:30:21
10	PRESIDENT del VALLE: Any other	19:30:22
11	comments or questions?	19:30:26
12	Matt, do you want to add anything?	19:30:31
13	Just ki ddi ng.	19:30:34
14	Okay. We're done.	19:30:37
15	SECRETARY BELTRAN: Yes. So you can	19:30:43
16	just conclude the second hearing, Mr. President,	19:30:44
17	and strike the gravel.	19:30:46
18	PRESIDENT del VALLE: Thank you,	19:30:49
19	everyone.	19:30:49
20	(Whereupon, the proceedings	
21	adjourned at 7:30 p.m.)	
22
