Introduction and Overview

Thank you for dedicating your time, effort, and expertise to help review proposals for new charter and contract schools submitted in response to the annual New Schools Request for Proposals (RFP). Through your participation as a member of the Comprehensive Evaluation Team (CET) assigned to review this proposal, you will play an integral role in helping to determine final recommendations for new school proposals. The applicants that meet the standards identified in the RFP and demonstrate the capacity to open and manage a high-quality school that will prepare students for success in college, career, and life can be recommended for approval.

Evaluation Standards and Ratings

This evaluation form includes the evaluation criteria used to rate the quality of the proposal response for your assigned sections. Rate each evaluation criterion as "Met," "Partially Met", or "Not Met". After rating each evaluation criterion in a section, select the most appropriate overall section rating: "Meets the Standard", "Partially Meets the Standard", or "Does Not Meet the Standard" according to the following guidelines:

- Meets the Standard: The applicant's response reflects a thorough understanding of key issues and demonstrates the design team's capacity to implement its plan. It addresses the topics with specific and accurate information, aligns with the mission and goals of the school, and presents a clear, realistic picture of how the school expects to operate.
- Partially Meets the Standard: The response meets the criteria in many respects, but lacks detail and/or requires additional information in one or more areas.
- **Does Not Meet the Standard:** The response demonstrates that the design team does not possess capacity to implement its plan. The response is significantly incomplete, lacks meaningful detail or otherwise raises significant concerns about the viability of the plan or the applicant's ability to carry it out.

High quality proposal responses will include all or most of the characteristics listed underneath the evaluation criterion.

Supporting Evidence

For each section you are assigned, provide evidence, notes, and findings from the proposal that reflect on the criterion identified in the column on the left. Please include findings and notes that enabled you to determine whether an applicant has "Met", "Partially Met", or "Not Met" each criterion that you have evaluated. An applicant may meet certain criteria, but still present some concerns or questions about their understanding, capacity, or plan, relative to those criteria. All evidence provided, regardless of particular criterion or overall section ratings (Meets, Partially Meets, and Does Not Meet the Standard) will be used to develop a final Recommendation Report. This Recommendation Report will explain the rationale for the CET's rating of each section.

When citing evidence from the proposal, include page numbers and appendix numbers for easy reference.

Tier I Application and Addendum Questions

Domain 1: Community Engagement and Support

Key Question: Has the applicant conducted robust engagement and garnered authentic parent and community support, establishing a strong foundation for opening and operating a school with engaged and empowered families and communities?

Section 1.1: Community Overview

The applicant has sought to understand the characteristics, background, and history of the students, families, and communities it would serve if approved to open.

		Identified two possible facility locations and the targeted recruitment area and communit(ies) for the proposed school	
		The applicant provided a sound rationale for the selected target recruitment area that clearly explains (1) why the school intends to focus recruitment in the selected area or (2) why the school anticipates the majority of its student population will come from the proposed area	
		A comprehensive but concise overview of the targeted communit(ies), which includes key events from at least the last few decades and the major political, economic, educational, demographic, and community-specific trends that are important to understand when seeking to serve the community	

Met	Partially Met	Not Met	Criteria	Findings, Notes, Questions (Provide Page #s for Reference)
			A thorough and accurate detail of community characteristics for each of the communities within the recruitment area that includes data points relevant to the proposed new school (such as the number of school-age children, population trends, socio-economic factors and additional factors relevant to their targeted areas)	
			A complete listing of the existing schools in the recruitment area	
			Based on the demographics of the communities and existing schools in the recruitment area, the proposed school provided a realistic and probable projection of the anticipated student population that reflects an understanding of the targeted communit(ies)	
			A detailed explanation, based on data and demonstrated need, of the likely sources that the proposed school will draw students from in order to meet enrollment targets	

Section 1.2: Community Outreach and Engagement

The proposal presents a compelling rationale of the need for the proposed school and how the proposed school will effectively partner with the community and serve the target population.

			Members of the design team/board members have strong existing ties	
			to the community	
			A diverse range of stakeholders were provided opportunities to be listened to, informed and consulted regarding the proposal, and the engagement to-date laid a strong groundwork for ongoing community engagement and partnerships	
			A rationale for outreach and engagement efforts, and how all activities helped the team make additional connections, enhanced their understanding of the targeted community and/or provided opportunities for community partnerships	
			A clear description of the key community input/feedback, including input from those who would be most impacted by a new school. The majority of input will be further explored during ongoing community engagement or incorporated into the school design	
			The goals of the community engagement plan are aligned to the RFP requirements, and are likely to lead to robust community engagement, partnership and learning	

Met	Partially Met	Not Met	Criteria	Findings, Notes, Questions (Provide Page #s for Reference)
			The community engagement plan is sufficiently detailed to serve as a roadmap for robust engagement between the applicant team and a wide range of diverse stakeholders (including prospective parents, prospective staff/volunteers, business leaders, community residents, community leaders, elected officials, community organizations, etc.)	
			The community engagement plan is rooted in transparency and aims to promote trust and authentic engagement among community members, stakeholders and partners. The plan includes the following components:	
			 Identification of stakeholders of the proposed school, including any critical or key stakeholders, that prioritized the perspectives and voices of those that would be most impacted by the proposed new school 	
			A clear plan by the applicant team to engage all stakeholders throughout the year, with an emphasis on engaging key stakeholders early in the process to seek input on the school's design	
			 Outreach and engagement have been tailored to ensure there are no barriers to participation for various stakeholder groups 	
			The design team members' roles and responsibilities in engagement that builds on existing connections to the community and builds new relationships/understanding where appropriate	

Met	Partially Met	Not Met	Criteria	Findings, Notes, Questions (Provide Page #s for Reference)
			The key principles and anchor questions that will guide the design team's efforts are centered to promote inclusive partnerships. At least one of the anchor questions seeks to deepen the applicant team's understanding of the impact the proposed new school would likely have on the community, if approved to open	
			A detailed listing of community engagement activities. The plan is likely to inform a large number of community residents while offering critical community stakeholders a variety of opportunities to be listened to, consulted, involved, collaborated with and empowered to participate in the proposed school	
			A demonstration of clear mechanisms to collect, track, analyze and incorporate community input and feedback into all aspects of the proposal and school design	
			The applicant presents an achievable plan to evaluate and assess engagement at regular intervals, including the internal indicators that the applicant team will use	
			The applicant provided a salient explanation of the unmet needs to the success of the targeted students in the community that the proposed school intends to serve, and presented a compelling case that the proposed school will meet these unmet needs to better serve the projected student population	

Met	Partially Met	Not Met	Criteria	Findings, Notes, Questions (Provide Page #s for Reference)
			A comprehensive, thoughtful, and data-driven assessment of the anticipated impact the proposed school may have on the larger community that reflects the perspectives of the community members and stakeholders. The response includes a realistic assessment of the impact a new school will have on existing schools in the recruitment area	
			A strong rationale and data-driven explanation for why the proposed school is a good fit for the community and that considers the identified needs of students and the anticipated impact that a new school would have on the community members and institutions	
			The applicant demonstrates an understanding of the principles of equity, and articulates how equity will drive decision-making throughout the development process and the new school model. There is a clear definition of how the proposal will advance equity for the students and communities the school seeks to serve	

Tier II Application and Addendum Questions

Domain 1: Community Engagement and Support

Key Question: Has the applicant conducted robust engagement and garnered authentic parent and community support for the proposed school, establishing a strong foundation for opening and operating a school with engaged and empowered families and communities?

Section 1.3: Facilities Space Requirements

The proposed facility option(s) reflect identified space requirements and are viable and available in the proposed opening timeline.

Domain 2: Academic Plan

Key Question: Does the applicant have the capacity, leadership skills, and experience to open and operate a high-quality school that achieves the school's mission and prepares students for long-term success?

Section 2.1: The School Model

The proposal explains who the school will serve; what it will accomplish in measurable terms; and describes the methods it will use to help students achieve defined student outcomes.

			The rights of students with disabilities in disciplinary proceedings	
			Well-defined processes for identifying English Learners, including administration of placement assessments and communications to parents and teachers	
			Proposal and accompanying ISBE English Learners Certification form that reflect a sound understanding of the legal requirements related to English Learners	
			The proposal describes an evidence-based approach to provide required services to ELs (once identified), monitor the implementation of services and monitor the progress of ELs, and indicators/levers for ELs to exit services	
			Clearly identified staff members responsible for both administering the EL service model and providing instruction, and the described assignments are feasible and appropriate	
			An evidence-based EL program curriculum and appropriate instructional materials for the development of English language proficiency	
			The proposal includes a process for providing EL students meaningful access to the general education curriculum, and measures the school will take to ensure ELs are included in any educational, extracurricular, and/or culture-building activities	
			Programs and services to ensure that all students are challenged with the appropriate level of rigor, including students with accelerated learning needs	

Section 2.7: Multi-Tiered Systems of Support

The proposal reflects a realistic understanding of the anticipated academic, social, emotional, mental, and physical health needs of the student population with an intentional strategy to meet students where they are at both academically and behaviorally.

			A clear description of an evidence- based academic MTSS to identify and meet the needs of students requiring support beyond the general education program, including levers, methods, and protocols to be used	
			Response includes specific differentiated instructional strategies, programs, services, supports, and learning standards for the academic MTSS Tier 1 instruction (core instruction and supports); Tier 2 instruction (targeted supplemental instruction, supports and interventions); and Tier 3 instruction (listing highly structured, individualized interventions)	
			The applicant has provided a clear plan for the continuous progress monitoring it will use to inform evidence-based decisions about the intensity and duration of interventions for the academic MTSS	
			The academic MTSS is tied to specific and appropriate academic outcomes and is likely to lead to improved academic outcomes for all students, including special student populations	

Met	Partially Met	Not Met	Criteria	Findings, Notes, Questions (Provide Page #s for Reference)
			The proposal reflects a realistic understanding of the anticipated social, emotional, mental, and physical health needs of the student population, and the behavioral/social emotional MTSS is tethered to the school's SEL framework	
			Response includes specific differentiated behavioral/SEL strategies, programs, services, supports, and learning standards to meet students where they are: Tier 1 instruction (supportive and restorative learning climate with appropriate SEL skills development); Tier 2 instruction (targeted supports and interventions); and Tier 3 instruction (listing highly structured, individualized interventions)	
			The proposal includes a robust plan to ensure all students are receiving the appropriate intervention and supports, including specific levers, methods, and protocols that will be used to determine and continually assess the appropriate behavioral MTSS tier and interventions for each student	
			The applicant has provided a clear plan for the continuous progress monitoring it will use to inform evidence-based decisions about the intensity and duration of behavioral MTSS interventions	
			The application cites clear evidence-based practices, policies, and systems that promote positive student behavior and foster a positive and nurturing academic and social environment for all students	

Met	Partially Met	Not Met	Criteria	Findings, Notes, Questions (Provide Page #s for Reference)
			The applicant proposes a system to proactively and regularly communicate with parents/guardians, and teachers and staff to improve outcomes for students	
			Clearly identified staff members responsible for all elements of MTSS implementation and management, and the described assignments are feasible and appropriate based upon the staff person's role	

Section 2.8: School Culture and Social Emotional Learning

The proposal provides an intentional strategy to create a vibrant school community that reflects the identities of the school's students, families and staff, and ensures a safe and supportive environment for student's academic and social emotional learning and growth.

Met	Partially Met	Not Met	Criteria	Findings, Notes, Questions (Provide Page #s for Reference)
			The applicant provides a thoughtful description of the proposed school culture that presents a realistic picture of how the school will look and feel to students, staff and parents	
			The school culture is aligned to the school's mission, vision, and core values, and is reflective of the likely school community	
			The applicant has an intentional and integrated strategy (with specific examples of evidence-based practices, policies, systems, traditions, norms, etc.) to build, maintain and nurture a school culture that will promote positive student behavior, build constructive relationships in the school community, and foster a positive academic and social environment	
			There are well-defined goals for school culture that support students' academic and social development, and focus on a positive school climate. The goals and milestones described include universal (i.e. aimed at all students) strategies and are targeted to address inequities among subgroups of students	

Met	Partially Met	Not Met	Criteria	Findings, Notes, Questions (Provide Page #s for Reference)
			There are defined plans to assess school culture against established goals, including regular intervals of assessment, the staff responsible for this work, and plans to remediate/realign if school culture goals are not being met	
			The school provides a realistic plan to both communicate expectations and unleash the power of students, staff, and families to actively participate in school culture. The school's approach prioritizes collaboration and co-creation with school stakeholders	
			The applicant identifies the responsibilities of school leadership and staff in setting the tone and positively modelling school culture. The applicant clearly defines the specific goals and milestones of this team in developing, implementing, monitoring and evaluating school culture goals	
			The applicant names an evidence- based SEL framework, and provides a sound rationale of why the framework was selected for their proposed school community	
			The SEL instruction is aligned to the three ISBE SEL Learning Goals: Develop self-awareness and self-management skills to achieve school and life success Use social-awareness and interpersonal skills to establish and maintain positive relationships Demonstrate decision-making skills and responsible behaviors in personal, school, and community contexts	

Met	Partially Met	Not Met	Criteria	Findings, Notes, Questions (Provide Page #s for Reference)
			The applicant has either (1) identified the SEL curriculum they plan to use and included a link to the curriculum website or a sample lesson plan, or (2) the applicant has described a SEL integration plan for each grade level and included a sample lesson/unit plan	
			Every student at every grade level will receive at least 30 minutes of SEL instruction per week throughout the school year. SEL instruction and skill building is meaningfully incorporated in holistic programs, resources, and/or services that are designed with the target student population in mind, and are likely to develop SEL competencies	
			The applicant has a comprehensive strategy to assess SEL in the school community, including the assessments that will be used, appropriate SEL competencies to be developed, a plan for regular monitoring, and the staff responsible for assessment activities	
			The applicant has identified the staff and their specific responsibilities in SEL implementation and instruction. The provided SEL team is aligned to the behavioral MTSS team.	
			The proposed school has a clear plan to provide core social emotional learning opportunities and to communicate expectations regarding SEL for all school staff. Staff with SEL/MTSS responsibilities have the necessary experience, training and resources to support students' social and emotional development.	

Section 2.9: Discipline, Behavioral Intervention, and Classroom Management

The proposal cites the systems, programs, and policies that will support the behavioral needs of all students and help remove barriers to learning.

			 Applicant provided evidence of engagement with neighborhood councils, block clubs, faith communities and neighborhood-based committees/groups. 	
			Evidence that the design team has continued to openly receive, and thoughtfully consider, community members input and feedback on the proposed school. Response includes an update on key feedback/input received from community members with an explanation of which were incorporated into plans for the proposed school or not, and why.	
			An open and honest acknowledgement and reflection on any community or stakeholder opposition to the proposed new school.	

Met	Partially Met	Not Met	Criteria	Findings, Notes, Questions (Provide Page #s for Reference)
			Evidence the design team has a refined understanding of what community members identify as the existing assets and needs of the targeted communit(ies), and what community stakeholders identify as the impacts the proposed school would have on the community as a whole. An evolved discussion of how the proposed school would build on these assets and help meet identified needs in the context of the community.	
			A comprehensive description and evidence of at least one applicant-hosted community meeting that was attended by community residents and provided opportunities for discussion and feedback/input on the proposed school.	
			The community meeting was designed to reduce any barriers to participation by community members and any specific target audience groups.	
			 The community meeting had a clear purpose and agenda, and helped the design team meet at least one of their community outreach and engagement goals. 	

Section 1.6: Community and Family Support

The applicant has demonstrated that there is sufficient student demand to meet enrollment targets and widespread community support for the proposed school.
