Classroom Energy Checklist

Lights Out
- Before school
- After school
- Lunch
- All unoccupied periods

Computer monitors and printers off
- When not in use

Doors closed
- During class
- When room is unoccupied
- When heating or cooling is on

Windows closed
- When heating or cooling is on

Be Energy Smart!
- Turn off lights when the sun provides enough light
- Open blinds on cold days to admit solar heat
- Close blinds on hot days to reduce solar heat
- Unblock vents so heating and cooling can freely enter
