- ❑ Questions

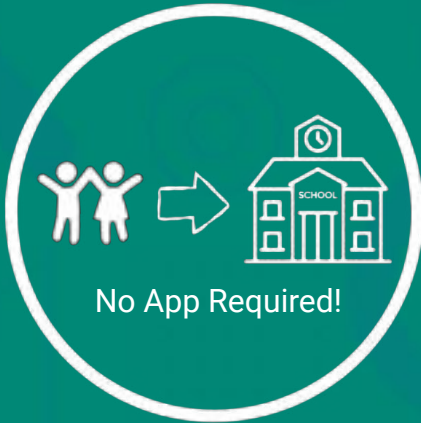

Overview & Timeline

Neighborhood Programs

- All students have the option to attend a program at their Neighborhood school:
 - Based on Chicago street addresses
 - Guaranteed seat
- No application required

Elementary School Neighborhood Program

Open Enrollment or
Magnet Cluster Program

Next Steps for Families & Schools:

- Go directly to the school
- Provide proof of residency
- Schools can enroll families

To find your neighborhood school, visit the GoCPS website and click School Search.

When families want to attend a school outside their assigned neighborhood school, they must go through...

If a student wants to attend **ANY** school outside of their Neighborhood school,

GoCPS

Is the **PRIMARY** way!

- Students are not restricted to the assigned neighborhood schools or schools near their home
- Students **must** go through the application process before attending any non-neighborhood school or program
- Applications are submitted the year before a child will enroll.
- If a child will enroll in fall 2025, the application will be submitted in fall of 2024.

Exceptions include: OSD placement for ES, STLS placement, etc...

is the platform that allows families to apply to every K-9 CPS-managed school and program using

One Site, One Application System, and One Deadline

»»» Families can use **GoCPS** to apply to:

CPS High School Programs

Including OSD School Assignment programs

High School Charter Programs

CPS Elementary School Programs

Students needing OSD placement and Charter Elementaries will continue to run their own process

**Students are
applying to a
program, not
a school!**

Choice Programs

Selective Enrollment

Neighborhood Schools

Non-Neighborhood

Magnet Schools

Charter Schools

Contract Schools

OSD Programs

HS ONLY

Let's break this down..

ES - All district run programs are on the GoCPS application

HS - All district, contract, charter, and OSD programs are on the GoCPS Application

OSD will continue to place students in Elementary OSD School Assignment Programs based on IEPs

The application process is divided into three phases

NOW

The Application window...

Opened:

September 24th, 2024 at 10 am

Will Close:

December 15th, 2024 at 5:00 pm

Application Cycle Timeline (FALL)

September 24, 2024

Application Opens

Students can begin to create GoCPS accounts and select programs to include on their application. There is no benefit to applying early.

October

HSAT Testing for Students applying to High School

Current CPS and Charter students will take the CPS High School Admissions Test (HSAT) in their current 8th grade classes. No registration is necessary.

All non-CPS students will take the CPS High School Admissions exam at designated CPS locations on this date. Registration for the exam is through the application.

December 15, 2024

Application Closes

All applications must be submitted by this date. Programs can not be added, removed or re-ranked after this date.

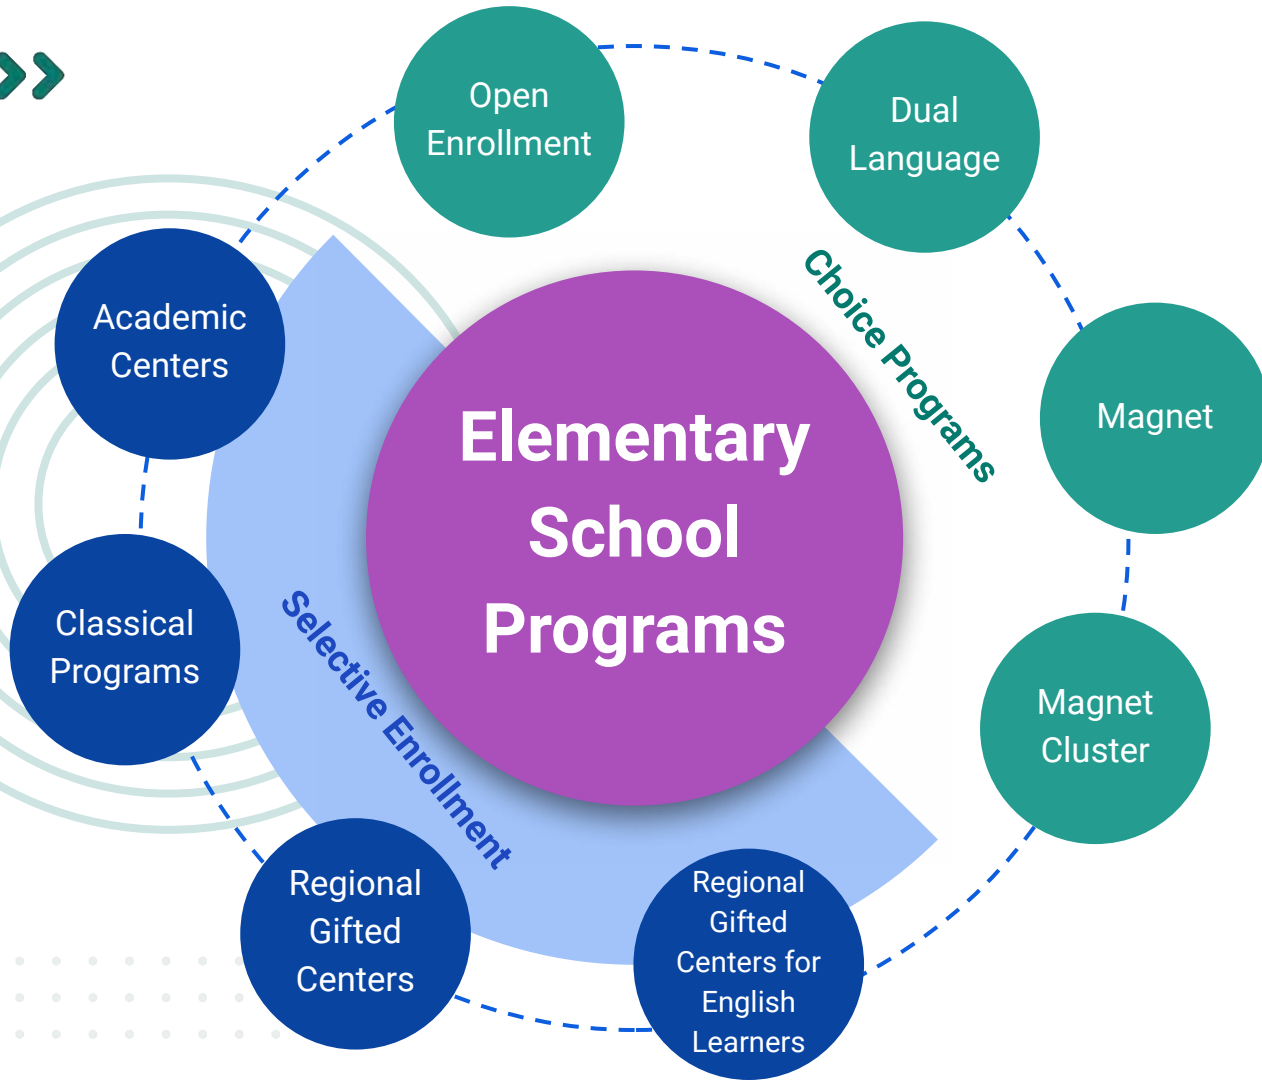

Spring

Pre-K Application Opens and Closes

Students applying to PreK will be able to apply to all CPS and non-CPS pre K programs in the city. OECE will oversee the comms and marketing around this application.

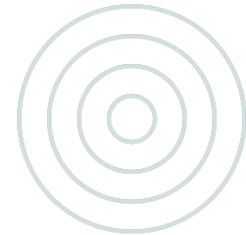

Elementary Process

GoCPS Categories

The elementary school programs listed on the GoCPS application are divided into two general categories.

- Choice Programs
- Selective Enrollment

CHOICE Elementary Process

CPS Preschool Programs

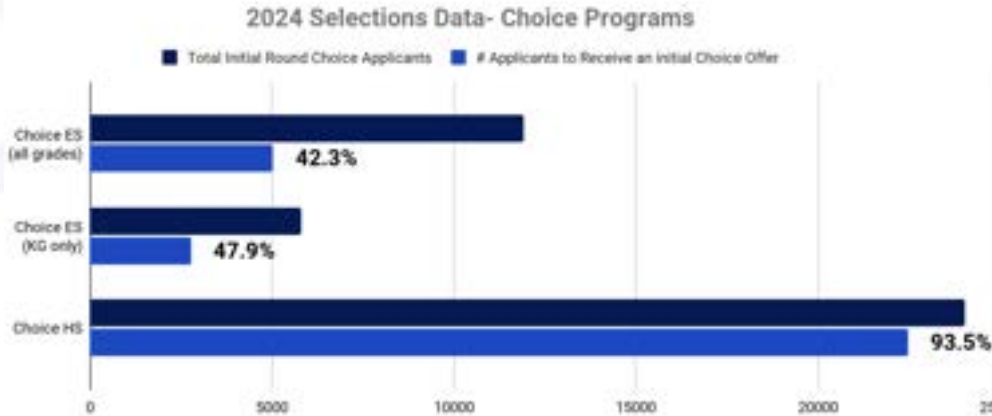

- Information on the application process for all Pre-K programs can be found on the Chicago Early Learning website.
- This application process takes place in the spring.
- For current preschoolers (attending Kindergarten in Fall of 2025) who are not attending their neighborhood school*, they will need to apply through GoCPS to remain at their current school for kindergarten.

* Exceptions: PreK students at Drummond, Suder, and Inter-American can continue for kindergarten without reapplying.

NEW! Single Best Offer for ES Choice

Starting with the GoCPS application cycle in the 2024-25 school year, the selection process for Elementary Choice Programs will be transitioning to a **single best offer** model.

Why this change?

1. Offer process alignment creates **consistency** & makes the system easier for families to understand
2. Offers are **maximized** across families
3. Matches applicants to the **most preferred** program they can be offered based on their lottery results and seat availability

This model is already in place for:

- All Pre-K Admissions
- All High School Admissions
- Elementary School (SEES) Selective Enrollment Admission

What's different?

- Applicants will now **RANK** ES Choice programs in order of preference
- Students can receive a maximum of **ONE** offer in the Choice category
- Applicants are only waitlisted for programs ranked higher than the offer they receive

Choice Elementary Basics

There are 4 types of Choice Elementary programs.

Open Enrollment

Magnet

Magnet Cluster

Dual Language

Students can select up to 20 choice programs to add to their application. They will then rank these in order of true preference and receive up to 1 single best offer in this category.

Choice Elementary Program Specifics

Open Enrollment

Students receive a general education. Students who live in the neighborhood boundary of this school do not need to apply through GoCPS.

Students living within the boundary are accommodated first. Students living outside of the boundary must submit a GoCPS application.

Dual Language

Students receive a general education that is taught in multiple languages. One-way (primarily EL students) and two-way (both EL and Non-EL students) programs are available.

Students living within the boundary are accommodated first. Students living outside of the boundary must submit a GoCPS application.

Choice Elementary Program Specifics

Magnet Cluster

Students receive an education that specializes in one subject area, such as fine arts, world language, or technology.

Students living within the boundary are accommodated first. Students living outside of the boundary must submit a GoCPS application.

Exception: Belmont-Cragin, Kellman, & South Shore ES are Magnet Cluster programs with no boundary.

Magnet

Students receive an education that specializes in one subject area, such as fine arts, world language, or technology.

There is no neighborhood boundary and all applicants must apply through the GoCPS application.

If a Magnet program has an attendance boundary, it is categorized as a **Magnet with Boundary** program on the application.

How does the Selections Process Work?

A combination of multiple factors goes into Selections for each program:

Ranking of the program in the application

Priority preferences used

Can include but not limited to:

Sibling

Staff

Proximity
MAGNET ONLY

Tiers
MAGNET ONLY

Available seats in the program

Selections process Used

Lottery-Based

NOTE: Where applicable, Staff, Proximity, & Tier are only considered in entry-level (usually kindergarten) selections

Choice Elementary

Open Enrollment

Magnet

Magnet Cluster

Dual Language

Select up to 20 CHOICE programs to include on the application

Rank these programs in true order of preference

(most desired program ranked first and the least desired program ranked last)

Receive a **single best offer** if qualified and seats are available

- Students are placed in line for each program based on the rules outlined in each program's admissions process & priority preferences.
- The system will then try to place each student in their highest ranked program.
- All programs are considered simultaneously.
- The system stops trying to match when an offer is received or when a student has been considered for all their ranked programs.

Single Best Offer

How will the move to a single best offer model affect my child's chances at receiving an offer?

PREVIOUSLY

Multiple Offer Model

Program A

★ Offered

There are **5 seats** available at **Program A**. The lottery is run, and the blue student is 9th in line. There are not enough available seats, so **the blue student is waitlisted**.

NOW

Single Best Offer Model

Program A

There are **5 seats** available at **Program A**. Students are placed in line based on their lottery results. The applicants in positions 2, 3, 5, and 8 receive offers to programs that they ranked higher and are not considered for Program A. **This allows the blue student to receive an offer.**

Priority Queues & Preferences

Some programs include certain preferences for applicants. Please see the School profile pages for a complete list per program.

Sibling Preference:

In order for applicants to qualify for the sibling preference, they must meet ALL of the following requirements:

- The applicant must have a sibling who is currently enrolled and will remain enrolled for the 2025-2026 school year, in the school to which the applicant is applying.
- The currently enrolled sibling and the sibling applicant must live in the same household.
- The term “sibling” applies only to natural siblings, step-siblings, foster siblings, and adopted siblings.

Staff Preference:

Only 2 seats are available to children of CPS staff at ENTRY level only. Staff preference is only given if the CPS employee is a FTE at the school for which they are applying. When more than 2 students apply, a lottery will be used to determine who will get the seat.

Proximity Preference:

Proximity lotteries might be available for certain programs at the entry level only. This preference would include applicants that live within a certain radius of the school.

* PreK siblings qualify for sibling preference at Drummond, Suder, and Inter-American **ONLY**

Selective Enrollment Elementary Schools (SEES) Process

Selective Enrollment Elementary Basics

There are 4 types of Selective Enrollment Elementary programs.

These programs are divided into 3 categories. Applicants can select up to 6 programs in the first 2 categories and up to 3 programs in the 3rd category. Applicants can receive up to 1 single best offer in each category.

How does the Selections Process Work?

A combination of multiple factors goes into Selections for each program.

SEES Program Specifics- Academic Centers

Academic Centers

Allow high-achieving students to take high school classes in English, social studies, science, mathematics, world language, and music or art.
Housed in High Schools

Eligibility:

Students must be applying for 7th or 8th grade.

Minimum final GPA of 2.5 during the year prior.

Must take Entrance Exam

Applicants will be selected in descending total point order out of 600.

Total points are based on:

- Final Grades (50%)
- Entrance Exam Score (50%)

- The test for Academic Centers is the Regional Gifted Center exam.
- Families will see total points as well as subtest scores
 - Subtest scores will be reported as subtests for the Regional Gifted Center Exam
- 600 Point Scale

Composite Standard Score

4. Lottery

SEES Program Specifics- Regional Gifted Centers

Regional Gifted Centers

Regional Gifted Centers provide an accelerated instructional program that places an emphasis on thinking, reasoning, problem solving and creativity.

Eligibility:

Students can apply to grades K through 8.

Minimum final GPA of 3.0 during the year prior. (grades 5-8 only)

Must take Entrance Exam

Applicants will be selected in descending total point order out of 300.

Total points are based on:

- Entrance Exam Score

- Families will get a Composite Standard Score as well as Standard Scores from 2 subtests.
- 300 point scale

Composite Standard Score

Total Points (out of 300)

Tie-Breaker Process

SEES Program Specifics- RGC for English Learners

Regional Gifted Centers for English Learners

Housed in three elementary schools, these programs are designed to meet the needs of high-ability **students whose primary language is Spanish or Polish.**

Eligibility:

Students can apply to grades K through 8.

Minimum final GPA of 2.5 during the year prior.
(grades 5-8 only)

Must take Entrance Exam

Applicants will be selected in descending total point order out of 300.

Total points are based on:

Selective Enrollment Elementary Programs

Academic Centers

Classical

Regional Gifted Center

EL Regional Gifted Center

Apply to up to 6 Academic Centers

Apply to up to 6 Regional Gifted/Classical Schools

Apply to up to 3 EL Regional Gifted Centers.

Receive up to 1 offer in each category.

Make sure to Rank Programs in your true order of preference!

EXAMPLE:

ACADEMIC CENTERS
(7-8 grades only)

CLASSICAL SCHOOLS/
REGIONAL GIFTED
CENTERS

REGIONAL GIFTED
CENTERS FOR
ENGLISH LEARNERS

Students will not be waitlisted to programs in a category if they receive an offer to a program in the same category.

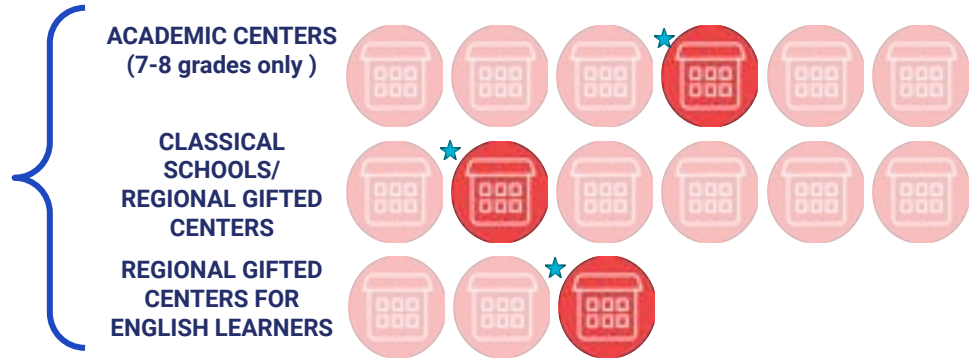

Selective Enrollment programs do not include preferences or priorities.

HOW IT WORKS...

- **Classical Schools:** Based on Classical Exam Scores Only
- **Regional Gifted Centers:** Based on RGC Exam Score Only
- **Academic Centers:** Based on Total Points (Exam + Grades)
- **EL Regional Gifted Centers:** Based on EL Exam Score Only

Single Best Selective Enrollment Offer in Each category

- The system will try to place each applicant in their highest ranked Selective program.
- All applicants and programs are considered simultaneously.
- As an applicant matches with a program, they are not considered for any programs ranked lower than the offer received.

HOW IT WORKS: When is an applicant automatically waitlisted?

If an offer to a selective enrollment program is received, the applicant **WILL NOT** automatically be placed on any waitlists

If **NO** offer is received, the applicant will be placed on waitlists for all programs they applied to*

* students will be marked “Not Eligible” if they do not meet minimum program eligibility requirements

Offers and Waitlists for the different categories of SEES function independently

Categories

- Academic Centers
- Classical & Regional Gifted Centers
- EL Regional Gifted Centers

Examples:

- This means that an applicant can receive an offer to an Academic Center and be waitlisted for a Classical school.
- The applicant can receive an offer to a Classical school and will NOT be waitlisted for an RGC.
- An applicant can accept an offer in one category and continue to be on the waitlist in other categories.

Early Entrance & Accelerated Placement for ES

>>> Early Entrance to Kindergarten and 1st Grade

Early Entrance to Kindergarten

Must be born between September 2, 2020-December 31, 2020

- Provide proof of age & proof of at least 1 yr in-person preschool
- Score at or above 91st percentile on Developmental Survey
- Complete in-person academic (reading & math) and cognitive testing - must score at or above 91st percentile on all 3 portions
- Testing fee is \$50*; families can apply for a fee waiver

* Applicants who are not residents of the city of Chicago by the application deadline must pay a testing fee of \$250

Early Entrance to First Grade

Must be born between September 2, 2019-December 31, 2019

- NOT a grade-skipping process; only non-CPS students are eligible
- School must verify that student completed both PreK and K there, was taught by appropriately certified teacher, is ready for 1st grade work
- Do not need to complete application; can email letter directly to gocps@cps.edu

How to Apply

Fall/Winter application will open on September 24 2024 and close on November 15, 2024. There will also be a Spring/Summer application available in March or April 2025.

[Click HERE to apply!](#)

>>> Whole Grade & Single Subject Acceleration

Whole-Grade Acceleration (grade skipping)

- Score of 'Exceeds' (5) on Spring 2024 Math & ELA IAR
- 23-24 GPA of 3.75+ (final grades in Math, Reading, Science, & Social Science)
- School will complete Iowa Acceleration Scale (IAS)
- In-person exams in Academic Ability, Aptitude, & Achievement
- School Acceleration Team & principal must give final approval
- Testing fee is \$250; families can apply for a fee waiver

Single-Subject Acceleration

- Score of 'Exceeds' (5) on Spring 2024 Math &/or ELA IAR
- 3.75 for last 8 quarters (23-24 & 22-23) in Math &/or Reading
- School will complete Iowa Acceleration Scale (IAS)
- In-person exam in Aptitude
- School Acceleration Team & principal must give final approval
- Testing fee is \$35; families can apply for a fee waiver

**** Students must currently be in grades 4-6 to be eligible to apply ****

How to Apply

Application open
September 24, 2024
through November 15,
2024 at 5pm

[Click HERE to apply!](#)

- Families of students who meet IAR pre-qualification received an eligibility notification letter via email on October 11, 2024.
- Students who are new to the district will not receive a notification. All interested families are encouraged to apply.
- Families must choose to apply for Whole-Grade OR Single-Subject Acceleration. They cannot apply for both.

GoCPS

Application System

Changes
Ahead

Application System is Changing!

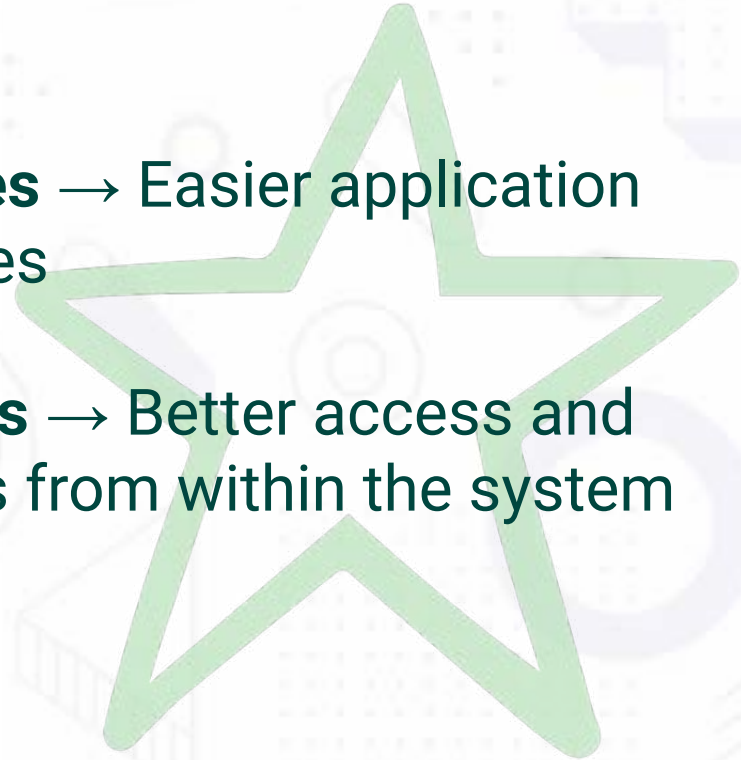

Moving from Schoolmint to Blenderbox: EnrollWise

We will continue to use Schoolmint for students interested in the current school year (2024-2025)

Why this change in platform?

- **Moving to ONE system** → Less overall issues & faster streamlined processes
- **Better User Experience for Families** → Easier application and Selections interface for families
- **Better User Experience for Schools** → Better access and more information on your students from within the system

Affirmation Statement

Please affirm the following:

- I affirm that the address provided on this form is my child's primary address and understand that it may be used for assigning tiers, and/or determining attendance, overlay, and proximity boundaries in the selection process.
- I understand that I will have to provide proof of residency for this address at the time of enrollment and that the validity of my child's application is dependent on that proof.
- I understand that it is my responsibility to make sure my address is updated with my child's current school if already enrolled in CPS.
- I affirm that the grade level that I have applied to adheres to the grade level that my child should be in according to CPS policy.

By checking this box, I acknowledge the above statements as true.

Adding Grades for Students Applying to Grades 5-8 (Non-CPS)

Educational Record

Please provide the final grades from the previous school year (2023-2024). Some programs require this information to determine eligibility and may not be available on the application until this information is provided and verified. (+/- and weighted grades are not taken into consideration)

For transcripts that do not include letter grades, [click here for guidance](#).

The official grades and GPA that will be used in the selections process will be available to view on the Student Dashboard once they are verified.

Math

Reading

Select a Math grade

Select a Reading grade

Science

Social Studies

Select a Science grade

Select a Social Studies grade

Upload a Transcript

Please upload an official transcript from the previous school year (2023-2024) that shows final, cumulative grades in the core subject areas above. All grades will be verified before testing or running selections. Providing this information now may help to expedite your admissions process.

Guardians are able to enter their grades here and upload an official transcript to support those grades.

These grades will not be used in the Selections process until they are verified.

School Staff will also have the ability to enter grades on the parent's behalf.

Emailed grades and transcripts will no longer be accepted by our office. All transcripts must be uploaded here.

Students

Please create profiles for all students in your household between Pre-K through 11th grade, even if they are not applying this year. We use this information to provide sibling priorities and eligibility. If you are currently attending a CPS or Charter school, you may see fields below grayed out. If any of these fields need to be updated, please do so with your current school and the updated information will filter into the application.

Priorities

Please complete the section below to add any potential priorities to the application. Priorities will ONLY be considered if added through the application here.

All priorities will be verified.

You must add siblings by adding the student at the Guardian Dashboard level.

Enrolled Sibling Priority

Enrolled siblings are connected through the sibling section in each student profile. To receive enrolled sibling priority, please be sure that you have added all enrolled students to your account. [Add a student profile](#).

In order for applicants to qualify for the sibling preference, they must meet ALL of the following requirements:

- The applicant must have a sibling who is currently enrolled and will remain enrolled for the 2025-2026 school year, in the school to which the applicant is applying. (PreK students do not qualify unless at one of the following schools: Drummond, Suder, Inter-American)
- The currently enrolled sibling and the sibling applicant must live in the same household and have the same primary guardian.
- The term "sibling" applies only to natural siblings, step-siblings, foster siblings, and adopted siblings.

Make sure that all the information is correct with your child's current CPS or Charter school to be considered for sibling preference. Not all programs will offer sibling preference.

Staff Priority

Children of CPS staff may receive an enrollment priority to the school where the guardian works. To qualify for the staff priority, the applicant must be applying for the entry-level of that school. The guardian must be a full-time employee of that school. Only 2 seats will be offered to staff children and only if there is capacity. Add staff priority information below if you or a secondary guardian is a CPS staff member at a school where your child is applying.

NOTE: Not all schools/programs participate in Staff priority. Selective Enrollment programs and other programs that select students based on points do not participate in staff preference.

All information will be verified before staff priority is applied.

Add CPS Staff information here

Please print or save the application receipt below for your records. If you make any changes to your program selections or rankings, a new receipt will be generated. You can continue to edit your application until the deadline of November 15, 2024, at 5:00 PM CST.

A new Application Receipt is available for this application.

Back on the Dashboard, the status is now Submitted!

Selective Enrollment Applications

There are three categories of selective enrollment applications (Classical/Gifted, Academic Centers, & Regional Gifted Centers for English Learners). If your student is eligible for multiple categories, you must complete a separate application for all selective enrollment categories of interest.

The screenshot shows a student profile for Mirabel Madrigal (Student ID: 1234567) applying for 7th Grade. The page lists four application categories, each with a 'Not Submitted' status and a 'Start' button:

- Choice Elementary School Programs 2025-26 Application: Not Submitted
- Academic Center Programs 2025-26 Application: Not Submitted (highlighted with a green box). A red pill-shaped button below it indicates a 'Required Event: Regional Gifted Center Test'.
- Classical and Regional Gifted Center Programs 2025-26 Application: Not Submitted (highlighted with a purple box).
- Regional Gifted Center Programs for English Learners 2025-26 Application: Not Submitted (highlighted with a blue box). A red pill-shaped button below it indicates a 'Required Event: EL Regional Gifted Center Test'.

At the top right, there is a 'View All Applications' button. A light blue box provides information about neighborhood program options for 3810HJ0: Open Enrollment @ 609972: HAUGAN (7th Grade), noting that applications are not required except for PreK and that proof of residency is required.

Academic Centers are for students applying to grades 7-8 ONLY. The Regional Gifted Center test is the admissions exam for Academic Centers.

Classical and Gifted programs are open to students applying for grades K-8. Kindergarten applicants will take both the Classical & Gifted exams in a single test session. For grades 1-8, students applying to both program types will take two separate tests. Those applying to only Classical or only Gifted programs will schedule only the corresponding exam.

EL RGC programs are open to students applying to grades K-8 who have conversational fluency in Spanish or Polish. Students **MUST** be able to complete admissions testing (one-on-one with an examiner) in Spanish or Polish.

➤➤➤ Browse, add, & rank programs following the same steps shown for Choice programs

Browse + Add Programs to Application

The screenshot shows the EnrollWise interface for Chicago Public Schools. On the left, a list of programs is displayed under the heading 'Classical and Regional Gifted Center Programs'. The 'Regional Gifted Center (K)' program is highlighted with a blue box, and a blue arrow points from this box to the right-hand side of the image. The right-hand side shows a detailed view of the 'Regional Gifted Center (K)' program, including an overview, selection type, additional screening, eligibility, and preferences and priorities.

Regional Gifted Center (K)

@ MORTON

[View Full Details](#)

Overview

Regional Gifted Centers provide an accelerated instructional program that places an emphasis on thinking, reasoning, problem-solving, and creativity. Students in Gifted programs typically receive instruction that is one to two grades above grade level.

Selection Type

Descending Point Score based on Academic Criteria.

Note: All selective enrollment programs use a points-based selection process. For this program, an applicant's composite score on the Regional Gifted exam is converted to points using a rubric. Students are selected in descending total score order, with top scores chosen first. For entry-level (Undergraduate) selections only, a student's socioeconomic (or SES) is considered in the selection process (see the Preferences/Priorities section below for more details). For more information about tiers, please review the guide listed [HERE](#).

Additional Screening

Admissions Exam

Details: The Regional Gifted exam is administered as part of the Undergraduate (UG) test that applicants must register for in the application. It is a reasoning skills test that tests the student's ability to form abstract concepts and solve problems using math. Information: Students receive an overall composite score across all verbal and non-verbal subtests as well as separate scores for each subtest, as these subtests are used in the selection process.

Eligibility

There is a [UG](#) minimum GPA requirement for grades 3-8 of the program. All interested students can apply and participate in admissions testing.

Admissions testing is required. Students who do not attend their own session are not eligible for selection. It is important to note that meeting the eligibility requirements for this program does [NOT](#) guarantee an offer.

Applicants must receive a total of at least 100 points (or a composite exam score of 200) to be eligible for consideration in the selection process.

In the 2024-25 application cycle, approximately 70% of all students who took the Regional Gifted exam received scores at or above minimum eligibility.

Preferences and Priorities

Program cards include details about the admissions exam, eligibility requirements, how Tier is applied in the selection process, as well as links to the score-to-points conversion rubric and entry-grade cut scores from the previous application cycle.
